What Are Remote Work Productivity For Us Audience:

Lonely in the Crowd: Plugged or Remote? Tobia Zevi, 2025-06-20 The Covid 19 pandemic forced cities to shut down and citizens to stay home disrupting economic activity and social life The crisis pushed companies to adopt remote work transforming it from a niche practice to a widespread norm altering the balance between work and personal life This shift created inequalities across sectors and influenced the ability of global cities to attract talent in a globalized labor market Now as the pandemic has receded many companies are reversing course This Report explores how remote work has impacted cities and citizens from mobility to urban planning How can remote work reshape global cities What strategies are available to local authorities Is remote work still the future

The Work of Empire Justin F. Jackson, 2025-05-01 In 1898 on the eve of the Spanish American War the US Army seemed minuscule and ill equipped for global conflict Yet over the next fifteen years its soldiers defeated Spain and pacified nationalist insurgencies in both Cuba and the Philippines Despite their lack of experience in colonial administration American troops also ruled and transformed the daily lives of the 8 million people who inhabited these tropical islands How was this relatively small and inexperienced army able to wage wars in Cuba and the Philippines and occupy them American soldiers depended on tens of thousands of Cubans and Filipinos both for military operations and civil government Whether compelled to labor for free or voluntarily working for wages Cubans and Filipinos suspended between civilian and soldier status enabled the making of a new US overseas empire by interpreting guiding building selling sex and many other kinds of work for American troops In *The Work of Empire* Justin Jackson reveals how their labor forged the politics economics and culture of American colonialism in Cuba and the Philippines and left an enduring imprint on these islands and the US Army itself Jackson offers new ways to understand the rise of American military might and how it influenced a globalizing imperial world
