Strategic Communication Research in the Age of AI Young Joon Lim, 2024-10-14 This comprehensive integrated research methods guide equips students and researchers to conduct effective studies in the evolving field of strategic communication. The book covers the entire research process from formulating research questions to analyzing data and presenting findings with a particular focus on navigating the complexities of AI and social media integration. While numbers and statistics can be daunting to students, integrating statistical methods with traditional approaches allows for more robust research projects and impactful findings. Augmenting quantitative and qualitative methods with the latest digital tools and resources. *Strategic Communication Research in the Age of AI* is an accessible guide to researching traditional and social media public relations, advertising, and marketing communication. **Features:** Comprehensive Coverage: The book addresses all essential elements of strategic communication research, including research design, methodologies, quantitative, qualitative, experimental, content analysis, data collection, and analysis, including AI tools, statistical analysis, descriptive and inferential, and ethical considerations. Focus on AI and Social Media: It emphasizes the growing role of AI and social media in communication research, providing practical guidance on leveraging these tools for research tasks like data collection, sampling, analysis, and presentation. Student-Friendly Approach: The book is designed for students with clear explanations, step-by-step examples, chapter summaries, and key questions to reinforce understanding. It incorporates real-world scenarios and case studies to illustrate research concepts in action. Strong Foundation in Statistics: Dedicated chapters introduce both descriptive and inferential statistics, explaining key concepts and formulas relevant to strategic communication research. Focus on Writing and Presentation: The book provides clear guidelines for writing research papers in APA style, including structure, citation techniques, and best practices for presenting research findings. It highlights the importance of clear communication and effective presentation in the digital age. Instructor Resources: Lecture slides and test materials are available on the publisher's website.

AI for Absolute Beginners Dr. Aran Castro A.J., 2025-07-19 Artificial Intelligence is already shaping your daily life, whether you realize it or not. From your smartphone to your emails, streaming suggestions to smart assistants, AI is no longer a futuristic dream. It's real, it's here, and it's powerful. But most people still don't understand it or feel it's too technical to grasp. This book changes that. *AI for Absolute Beginners* is a warm, clear, and practical guide for anyone curious about artificial intelligence. With zero jargon and no coding, it helps you understand how AI works where it shows up in your life and how to start using it confidently and ethically.

Story Machines: How Computers Have Become Creative Writers Mike Sharples, Rafael Pérez y Pérez, 2022-07-05 This fascinating book explores machines as authors of fiction, past, present, and future. For centuries, writers have dreamed of mechanical storytellers. We can now build these devices. What will be the impact on society of AI programs that generate original stories to entertain and persuade? What can we learn about human creativity from probing how they work? In *Story Machines*, two pioneers of creative artificial intelligence explore the design

and impact of AI story generators The book covers three themes language generators that compose coherent text storyworlds with believable characters and AI models of human storytellers Providing examples of story machines through the ages it covers the history recent developments and future implications of automated story generation Anyone with an interest in story writing will gain a new perspective on what it means to be a creative writer what parts of creativity can be mechanized and what is essentially human Story Machines is for those who have ever wondered what makes a good story why stories are important to us and what the future holds for storytelling
