Common Sense Morality And Consequentialism:

Common-Sense Morality and Consequentialism Michael A. Slote, 2020-07-20 Originally published in 1985 and now re issued with a new preface this study assesses the two major moral theories of ethical consequentialism and common sense morality by means of mutual comparison and an attempt to elicit the implications and tendencies of each theory individually The author shows that criticisms and defences of common sense morality and of consequentialism give inadequate characterizations of the dispute between them and thus at best provide incomplete rationales for either of these influential moral views Both theories face inherent difficulties some familiar but others mentioned for the first time in this work The argument proceeds by reference to historical figures like Bentham Ross and Sidgwick and to contemporary thinkers such as Williams Nagel Hare and Sen

Commonsense Consequentialism Douglas W. Portmore, 2011-11-02 This is a book about morality rationality and the interconnections between the two In it Portmore defends a version of consequentialism that both comports with our commonsense moral intuitions and shares with consequentialist theories the same compelling teleological conception of practical reasons

From Value to Rightness Vuko Andrić, 2021-07-05 This book develops an original version of act consequentialism It argues that act consequentialists should adopt a subjective criterion of rightness The book develops new arguments which strongly suggest that according to the best version of act consequentialism the rightness of actions depends on expected rather than actual value Its findings go beyond the debate about consequentialism and touch on important debates in normative ethics and metaethics The distinction between criterion of rightness and decision procedures addresses how why and in which sense moral theories must be implemented by ordinary persons The discussion of the rationales of ought implies can leads to the discovery of a hitherto overlooked moral principle ought implies evidence which can be used to show that most prominent moral theories are false Finally in the context of discussing cases that are supposed to reveal intuitions that favour either objective or subjective consequentialism the book argues that which cases are relevant for the discussion of objectivism and subjectivism depends on the type of moral theory we are concerned with consequentialism Kantianism virtue ethics etc From Value to Rightness will be of interest to scholars and advanced students working in normative ethics and metaethics

Beyond Optimizing Michael Slote, 1989 Philosophy economics and decision theory have long been dominated by the idea that rational choice consists of seeking or achieving one's own greatest good Beyond Optimizing argues that our ordinary understanding of practical reason is more complex than this and also that optimizing maximizing views are inadequately supported by the considerations typically offered in their favor Michael Slote challenges the long dominant conception of individual rationality which has to a large extent shaped the very way we think about the essential problems and nature of rationality morality and the relations between them He contests the accepted view by appealing to a set of real life examples claiming that our intuitive reaction to these examples illustrates a significant and prevalent if not always dominant way of thinking Slote argues that common sense recognizes that one can reach a point

where enough is enough be satisfied with what one has and hence rationally decline an optimizing alternative He suggests that in the light of common sense optimizing behavior is often irrational Thus Slote is not merely describing an alternative mode of rationality he is offering a rival theory And the numerous parallels he points out between this common sense theory of rationality and common sense morality are then shown to have important implications for the long standing disagreement between commonsense morality and utilitarian consequentialism Beyond Optimizing is notable for its use of a much richer vocabulary of criticism than optimizing maximizing models ever call upon And it further argues that recent empirical investigations of the development of altruism and moral motivation need to be followed up by psychological studies of how moderation and individual rationality more generally take shape within developing individuals

On What Matters Derek Parfit, 2016-12-22 Derek Parfit presents the third volume of *On What Matters* his landmark work of moral philosophy Parfit develops further his influential treatment of reasons normativity the meaning of moral discourse and the status of morality He engages with his critics and shows the way to resolution of their differences This volume is partly about what it is for things to matter in the sense that we all have reasons to care about these things Much of the book discusses three of the main kinds of meta ethical theory Normative Naturalism Quasi Realist Expressivism and Non Metaphysical Non Naturalism which Derek Parfit now calls Non Realist Cognitivism This third theory claims that if we use the word reality in an ontologically weighty sense irreducibly normative truths have no mysterious or incredible ontological implications If instead we use reality in a wide sense according to which all truths are truths about reality this theory claims that some non empirically discoverable truths such as logical mathematical modal and some normative truths raise no difficult ontological questions Parfit discusses these theories partly by commenting on the views of some of the contributors to Peter Singer's collection *Does Anything Really Matter* Parfit on Objectivity Though Peter Railton is a Naturalist he has widened his view by accepting some further claims and he has suggested that this wider version of Naturalism could be combined with Non Realist Cognitivism Parfit argues that Railton is right since these theories no longer deeply disagree Though Allan Gibbard is a Quasi Realist Expressivist he has suggested that the best version of his view could be combined with Non Realist Cognitivism Parfit argues that Gibbard is right since Gibbard and he now accept the other's main meta ethical claim It is rare for three such different philosophical theories to be able to be widened in ways that resolve their deepest disagreements This happy convergence supports the view that these meta ethical theories are true Parfit also discusses the views of several other philosophers and some other meta ethical and normative questions

Principles and Persons Jeff McMahan, Tim Campbell, James Goodrich, Ketan Ramakrishnan, 2021 *Principles and Persons* contains twenty one new essays addressed to themes drawn from the work of the late Derek Parfit Topics include the nature of reasons and duties the rationality of our attitudes to time and the question of personal identity

Morality by Degrees Alastair Norcross, 2020-03-25 In *Morality by Degrees* Alastair Norcross articulates and defends a radical new approach to ethical theory Consequentialist theories of the

right connect the rightness and wrongness and related notions of actions with the intrinsic goodness and badness of states of affairs consequential on those actions The most popular such theory is maximization which is said to demand of agents that they maximize the good that they do the best they can at all times Thus it may seem that consequentialist theories are overly demanding and relatedly that they cannot accommodate the phenomenon of going above and beyond the demands of duty However a clear understanding of consequentialism leaves no room for a theory of the right at least not at the fundamental level of the theory A consequentialist theory such as utilitarianism is a theory of how to rank outcomes and derivatively actions which provides reasons for choosing some actions over others It is thus a purely scalar theory with no demands that certain actions be performed and no fundamental classification of actions as right or wrong However such notions may have pragmatic benefits at the level of application since many people find it easier to guide their conduct by simple commands rather than to think in terms of reasons of varying strength to do one thing rather than another A contextualist semantics for various terms such as right permissible harm when combined with the scalar approach to consequentialism allows for the expression of truth apt propositions with sentences containing such terms

Self-effacing Consequentialism William L. Langenfus, 1987 Towards Reunion in Ethics Jan Österberg, 2019-05-21 This posthumous publication attempts to answer the question of what moral code is the most reasonable Philosophers often turn to consequentialism or deontological ethics to address this issue As the author points out each has valid arguments but each is unable to get the other side to agree To rectify this he proposes a third way Inside readers will discover a theory that tries to do justice to both sides The author first details consequentialism and deontological ethics He also explains their fundamental conflict One holds the view that you should do what has the best consequences The other believes that there are actions which are wrong to do even if they have the best consequences Next the volume considers various ways to solve this conflict Would rejecting one theory work Or is it possible to somehow reconcile them The author shows why these solutions fail He then goes on to present his own The resulting contractual theory brings together the two opposing ethical convictions It proposes that what is right and wrong depends on what norms people would agree to Throughout coverage explores the psychological sociological and historical background of the moral theories discussed The reason is that moral theories are embedded in social and psychological contexts They are better understood when the contexts are explicit This key feature distinguishes the volume from other works in moral philosophy At the time of his death in July 2011 Jan sterberg was close to completing this manuscript It was taken up and fully completed by Erik Carlson and Ryszard Sliwinski both of Uppsala University

Morality and the Good Life Thomas L. Carson, Paul K. Moser, 1997 Contemporary moral philosophers have produced an enormous amount of rich and varied published work on virtually all the issues falling within the scope of ethics and moral philosophy *Morality and the Good Life* is a comprehensive survey of contemporary ethical theory which collects thirty four selections on morality and the theory of value Emphasizing value theory metaethics and normative ethics it is non technical and accessible to a wide range

of readers Selections are organized under six main topics 1 Concepts of Goodness 2 What Things are Good 3 Virtues and Ethics 4 Realism vs Anti Realism 5 Value and Obligation and 6 The Value and Meaning of Life The text includes both a substantial general introduction featuring explanatory summaries of all the selections and an extensive topical bibliography which enhance the volume's research and pedagogical utility The most up to date and wide ranging survey of its kind Morality and the Good Life is ideal for advanced undergraduate and graduate courses in contemporary ethical theory moral philosophy and theory of value

The Oxford companion to philosophy Ted Honderich, 1995 Entries on philosophers schools of thought subjects theories debates concepts practical issues

American Philosophical Quarterly Nicholas Rescher, 2007 Human Being and Morality in Ethics of Social Consequences Vasil Gluchman, 2003 Explores issues concerning the moral agent and one's moral rights Deals with issues related to fundamental moral values and principles of ethics of social consequences making essential differences between ethical theory as a kind of non utilitarian consequentialism and utilitarian forms of consequentialism Explores moral values of humanity legality justice responsibility tolerance moral duty

The Philosophical Review, 1997 *Canadian Journal of Philosophy*, 1989 Francis Hutcheson's Moral Theory Mark Philip Strasser, 1990

Selected Essays Michael Slote, 2010 In Selected Essays Michael Slote collects some of the most important papers of his career articles that were both influential as well as those that remain relevant to philosophical debates today The papers range over a number of important topics not all of them within or having to do with ethics Three of the papers have to do with ways in which one might fill out or expand upon traditional utilitarian views while remaining within the utilitarian tradition Two of the papers focus on free will and another pair discuss rational choice and argue that traditional views about individual rationality unduly limit our possibilities The papers outside ethics deal with such topics as counterfactuals Wittgensteinian accounts of cluster terms some familiar concepts we use that cannot apply to reality and a paradox about the possibility of circumstances where it is linguistically inappropriate to assert what one believes In addition to the previously published essays Slote includes more recent and unpublished papers that deal with the uses of empathy in the context of global issues of justice the limitations of the moral reasoning model of normal moral thinking and the relevance of empathy to the epistemic ideal of objectivity The final paper of the volume speaks about recent developments in ethical theory and what they may tell us about the possibilities of future progress or lack of progress in that field

The Moral Philosophy of John Stuart Mill Mark Philip Strasser, 1991 *Interests, Utilitarianism and Moral Standing* Dan Egonsson, 1990

Social Theory and Practice, 2021-10

Common Sense Morality And Consequentialism: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. Common Sense Morality And Consequentialism : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Common Sense Morality And Consequentialism : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Common Sense Morality And Consequentialism : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

Common Sense Morality And Consequentialism Introduction

In today's digital age, the availability of Common Sense Morality And Consequentialism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Common Sense Morality And Consequentialism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Common Sense Morality And Consequentialism books and manuals for download is the cost-saving aspect. Traditional books and manuals

can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Common Sense Morality And Consequentialism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Common Sense Morality And Consequentialism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Common Sense Morality And Consequentialism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Common Sense Morality And Consequentialism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Common Sense Morality And Consequentialism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Common Sense Morality And Consequentialism books and manuals for download and embark on your journey of

knowledge?

FAQs About Common Sense Morality And Consequentialism Books

What is a Common Sense Morality And Consequentialism PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Common Sense Morality And Consequentialism PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Common Sense Morality And Consequentialism PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Common Sense Morality And Consequentialism PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Common Sense Morality And Consequentialism PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
