Commonwealth Caribbean Business Law:

Commonwealth Caribbean Business Law Natalie Persadie, Rajendra Ramlogan, 2010-04-20 Commonwealth Caribbean Business Law breaks away from the traditional English approach of treating business law primarily as the law of contract and agency. The book takes a panoramic view of the foundation of various legal systems with a subsequent examination of different areas of legal liability that may affect business activities. These areas include contract law, agency, tort law, criminal law, and internet law as significant challenges confronting the business sector. The book primarily targets the development of business law in several Caribbean Commonwealth jurisdictions but also where appropriate embraces the jurisprudence of other Commonwealth nations such as the United Kingdom, Canada, and Australia. With respect to internet law, the proliferation of judicial pronouncements emerging from the United States provided the platform for the only non-Commonwealth treatment of a topic. The approach of the book is to use excerpts from judgments so as to allow students, particularly the non-legal student, to understand legal principles as espoused by the judiciary without the filtering bias of authors.

Commonwealth Caribbean Company Law Andrew Burgess, 2017-09-25 In the last twenty-five years, company law in the Commonwealth Caribbean has undergone dramatic changes from a model influenced by English law to a new harmonised collection of regional legislation based on the Caricom and CLI model Acts that vary substantially across Caricom member states. The variation within Caribbean company law presents an enormous challenge both in terms of the breadth of the subject and in addressing the difference in provisions of one state's Company Law Act as opposed to another. Using the Caricom model Act and CLI model Act as a basis for its structure, Commonwealth Caribbean Company Law examines and compares regional implementation of company law in an accessible and comprehensive manner that will be invaluable to students and practitioners in the region.
