**The Commonwealth Yearbook**, 1967 **Redefining the Pacific?** Ian Frazer, 2017-05-15 This comprehensive volume examines the future effectiveness of regional institutions as well as key questions concerning the attempts to overcome ongoing serious problems of security, governance and poor economic performance in the Pacific. *History's Fools* David Martin Jones, 2020-03-09 The end of the Cold War announced a new world order. Liberal democracy prevailed, ideological conflict abated and world politics set off for the promised land of a secular cosmopolitan market-friendly end of history. Or so it seemed. Thirty years later, this unipolar worldview premised on shared values, open markets, open borders and abstract social justice lies in tatters. What happened? David Martin Jones examines the progressive ideas behind liberal Western practice since the end of the twentieth century at home and abroad. This mentality, he argues, took an excessively long view of the future and a short view of the past, abandoning politics in favour of ideas and failing to address or understand rejection of liberal norms by non-Western others. He explores the inevitable consequences of this liberal hubris: political and economic confusion with the chaotic results we have seen. Finally, he advocates a return to more sceptical political thinking with prudent statecraft abroad and defence of political order at home in order to rescue the West from its widely advertised demise. *History's Fools* is a timely account of the failed project to shape the world in the West's image and an incisive call for a return to true politics.

*Financing Development* Michele Fratianni, 2016-04-15 The critical challenge of financing development and sustainability is a key focus for the world's international financial institutions led by the International Monetary Fund, the World Bank and above all the
