volume explores both what this means for communication research and the implications of Asia's rising global power for communication scholars in Asia and from around the world. Hot topics and emerging trends are explored encapsulating the new opportunities as well as the challenges for Asian communication scholars. Asia represents diverse cultural, economic, social and political systems that shape different media systems in various countries with fertile contexts for communication research. The scope of the chapters in this book includes mass communications, mobile technology, intercultural and political communication, news and entertainment, health communication, public relations and comparative analyses of mainstream mass communication theories. The articles in this book were originally published in the *Asian Journal of Communication*.

Journalism and Communication in China and the West Bing Tong, 2020-11-21. This book sheds new light on the study of journalism and communication considering why and how journalism is studied in the 21st century. It notably offers both an international and interdisciplinary comparison of journalism and communication, examining the history of Chinese and Western journalism and addressing the similarities and differences between them. Focusing on the education and training of future journalists, it also provides a comprehensive study of news coverage systems in China and in Western countries, including the processing of news sources, attitudes towards news communication and comparative communication scholarship. Researchers of media and journalism will find this a key read as well as practicing journalists and students of journalism. [English texts](#) China. [A History of Journalism and Communication in China](#) Yunze Zhao, Ping Sun, 2018-05-11. From a modern perspective, journalism is highly relevant to modern society along with the emergence of mass printing system and professionalisation. This book, however, expands the meaning of journalism and views it as a social process. It will not only explore the roots and development of Chinese journalism and communication but also demonstrate how Chinese journalism and communication interact and struggle with social culture and politics. Arranged in chronological order, mainly this book examines the initial development of Chinese journalism in ancient times in chapter 1, which from then manifested strong political attributes. After the Opium War in 1840, missionaries and businessmen from the West started to set up newspapers and periodicals in China, which brought about the birth of China's modern journalism industry. Then China's private newspapers and political party press are studied, which are closely linked with political revolutions and have a far-reaching impact on modern Chinese society. What happened to Chinese journalism and communication after the founding of People's Republic of China in 1949. This book reviews the newspaper reforms and studies the great negative impacts brought by Cultural Revolution. Noteworthy.

news phenomena after the reform and opening up are also covered This book will appeal to scholars and students in journalism communication and Chinese studies Readers interested in Chinese society and modern Chinese history will also be attracted by it
