New Horizons in Patient Safety: Safe Communication Annegret Hannawa, Anne Wendt, Lisa Day, 2017-12-18 This case studies book is an indispensable resource for educators students and practitioners of nursing It is innovative in its application of lessons from the communication sciences to common challenges in the delivery of safe patient care The authors apply basic tenets of human communication to the context of nursing to provide a foundation for practices that can advance the safety and quality of care The cases which describe close calls and adverse events are organized along the continuum of healthcare delivery providing quick access to solutions in commonly encountered care situations Each case is accompanied by a discussion of how skillful communication can be key to preventing and recovering from errors and adverse events Thought provoking discussion questions and references for further reading make this book a valuable reference for nursing educators students and practitioners across the world

Cambridge Handbook of Psychology, Health and Medicine Andrew Baum, 1997-09-25 A unique encyclopaedic handbook in this expanding field draws on international and interdisciplinary expertise

Psychology for Nurses Anne Byrne, Don Byrne, 1992 Text combining theory and practice and designed for both students and experienced professional nurses The authors argue that successful nursing is based on good relationships with patients Includes references and an index

Communication and Interpersonal Skills for Nurses Shirley Bach, Alec Grant, 2009 Good communication and interpersonal skills remain one of the enduring and fundamental characteristics of high quality nursing and midwifery practice This is despite major developments in our knowledge of scientific technological and pharmacological health treatments However because communication is viewed as an implicit part of everyday life the skills required for effective communication and appropriate professional interactions are often overlooked This book provides student nurses with the essential information on communication and interpersonal skills It clearly explores the core concepts and evidence base and is practical and accessible helping students to gain confidence in these skills

Communication Skills for Adult Nurses Abayomi McEwen, Sarah Kraszewski, 2010-09-16 This book is a real gem useful not only for nurses but for all healthcare professionals students and educators wanting to develop their communication skills One is reminded that it is not always about what is said but how it is said This book will be a great resource for those

advocating interprofessional working while keeping the patient's perspective in the reader's mind throughout Dr Susanne Lindqvist Senior Lecturer in Interprofessional Education University of East Anglia Norwich UK This book is slim line and concise but covers a lot of vital points that all nurses and students of nursing should be aware of It is well laid out with activities case studies and vignettes to illustrate key issues I thoroughly recommend this book to nursing students and those who work with people in any context Jo Parham third year adult nursing student at the University of the West of England

From a Nursing Student perspective this book is excellent It deals with every aspect of communication from the fundamental skills through the use of technology challenging situations communication in teams to the legal and ethical aspects of communication Conor Hamilton Nursing student Queens University Belfast An essential guide for all nurses With an emphasis on practical application this lively and accessible guide will help nurses to hone and develop their communication skills Full of examples from both a patient and a nurse perspective the book covers Barriers to communication Communication in teams The patient's perspective Making good use of email and phone Managing difficult conversations How good communication underpins the essence of care Examples of both good and poor practice taken from the real life experiences of the authors are included to encourage reflection and integration of theory and practice The book includes common scenarios activity points and suggestions for practice to give nurses the tools to continue to develop and apply effective communication skills Communication Skills for Adult Nurses will support both student nurses learning their craft and also offer a suitable handy reference for qualified nurses undertaking continuing professional development or acting as mentors Contributors Bernard Anderson Jayne Crow Graham Harris Vivian Jellis Mary Northrop Paula Sobiechowska Jill Toocaram
