Africa During and After the Cold War Okoth, Pontian Godfrey, 2015-03-16 The Cold War period witnessed competition from political economic ideological diplomatic military and social dimensions between the United States of America USA and the then Union of Soviet Socialist Republics USSR In the superpower rivalries India and Africa were adversely affected in many ways The situation did not change for the better in the post Cold War period which has witnessed the domination of the world by the US and its allies the Group of Eight G 8 industrialised countries This domination has been characterised by the process of Americanization of the world's otherwise termed globalisation in virtually all spheres of life USA India Africa During and After the Cold War demonstrates that both the United States and The Soviet Union used African States India and other Third World countries for their own geopolitical considerations that the foreign policy and foreign relations of the US were meant to subject Africa and India to the dictates of US imperialism The book assesses the impact of the Cold War and the post Cold War order on Africa India and the entire world and argues that the Non Aligned Movement is still relevant to the Third World countries despite the demise of the Cold War The book analyses issues from the African point of view as opposed to hitherto Western view points but provides a balanced appreciation of the complex forces that shape foreign policies and foreign relations globally It is a valuable contribution to modern diplomatic history and targets university

important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945 The USSR and the Soviet Bloc Lydia Eve Andor,1987 **Soviet Interests in the Third World** Robert Cassen,1985 Research papers on the role of USSR international relations and foreign policy in developing countries discusses development aid military aid economic relations trade relations incl Arms North South dialogue relations with China and South Asia Africa and Latin America considers links between CMEA countries of Eastern Europe and Middle East Arab country includes case studies of relations with Angola Yemen India Mozambique Syrian Arab Republic and Viet Nam and development policy in Soviet Central Asia References statistical tables *Latin America and Caribbean Contemporary Record* ,1985 **Cuban Foreign Policy** Pamela S.
