# Communitarianism And Its Critics

**Daniel A. Bell**

## **Communitarianism And Its Critics:**

**Communitarianism and Its Critics** Daniel A. Bell, 1993 Many have criticized liberalism for being too individualist but few have offered an alternative that goes beyond a vague affirmation of the need for community In this entertaining book written in dialogue form Daniel Bell fills this gap presenting and defending a distinctively communitarian theory against the objections of a liberal critic In a Paris cafe Anne a strong supporter of communitarian ideals and Philip her querulous critic debate the issues Drawing on the works of such thinkers as Charles Taylor Michael Sandel and Alasdair MacIntyre Anne attacks liberalism s individualistic view of the person by pointing to our social embeddedness She then develops Michael Walzer s idea that political thinking involves the interpretation of shared meanings emerging from the political life of a community and rebuts Philip s criticism that this approach damages her case by being conservative and relativistic She goes on to develop a justification of communal life and to answer the criticism that communitarians lack an alternative moral and political vision The book ends with two later discussions by Will Kymlicka and Daniel Bell in which Anne and another friend Louise argue about the merits of the book s earlier debate and put it in perspective Daniel Bell s book is a provocative defence of a distinctively communitarian theory which will stimulate interest and debate among both students of political theory and those approaching the subject for the first time

Beyond Foundationalism Stanley James Grenz, John R. Franke, 2001-01-01 Grenz and Franke provide a methodological approach for doing theology in the postmodern world They call for a theological method that moves beyond the Enlightenment way of ordering and understanding information foundationalism They propose a theological method that takes seriously the Spirit tradition and contemporary culture while stressing trinitarian structure community and eschatology

**Communitarianism and Its Critics** Daniel A. Bell, 1993

The Communitarian Constitution Beau Breslin, 2006-09-21 Bowling Alone the title of Robert Putnam s 1995 article later a bestselling book perfectly captured a sense of national unease Somewhere along the way America had become a nation divided by apathy and the bonds that held together civil society were disappearing But while the phrase resonated with our growing sense of atomization it didn t describe a new phenomenon The fear that isolation has eroded our social bonds had simmered for at least two decades when communitarianism first emerged as a cogent political philosophy Communitarianism as explained in the works of Michael Sandel Alasdair MacIntyre Amitai Etzioni and others elevates the idea of communal good over the rights of individuals Throughout the 1980s and 1990s communitarianism gained popular and political ground The Clintons touted its principles in the 90s and the two presidents Bush make frequent references to its central tenets In its short life the philosophy has generated plenty of books both pro and con Beau Breslin s authoritative and original examination The Communitarian Constitution contributes to the debate from a wholly original standpoint Existing critiques focus on the debate between liberalism and communitarianism in other words the conflict between individual rights and the communal good Breslin takes an entirely different stance examining the pragmatic question of whether or not communitarian

policies are truly practicable in a constitutional society In tackling this question Breslin traces the evolution of American communitarianism He examines Lincoln s unconstitutional Civil War suspension of habeas corpus and draws on Federalist and Anti Federalist arguments pegging the Anti Federalists as communitarians intellectual forebearers He also grounds his arguments in the real world examining the constitutions of Germany and Israel which offer further insight into the relationship between constitutionalism and communitarianism At a moment when American politicians and citizenry are struggling to balance competing needs such as civil rights and homeland security *The Communitarian Constitution* is vital reading for anyone interested in the evolving tensions between individual rights and the good of the community *The Essential Communitarian Reader* Amitai Etzioni,1998 This book shows why communitarian thought has had such a profound influence on contemporary public policy from strengthening neighbourhoods to fighting AIDS and educating children

**The New Communitarians and the Crisis of Modern Liberalism** Bruce Frohnen,1996 Profound scholarly learned carefully reasoned and though of enduring value timely Forrest McDonald author of *The American Presidency* A provocative book that does much to save us from the hubris of intellectuals John Patrick Diggins author of *The Lost Soul of American Politics* **Communitarianism in Law and Society** Paul Van Seters,2006-04-18 In this new collection of essays Paul van Seters brings together an international group of scholars from diverse academic backgrounds to reflect upon the remarkable rise of communitarianism in contemporary studies of law and society Taking account of the intricate relationship between law and communitarianism these essays critically assess the communitarian perspective in order to gain a more systematic insight into its distinctive constraints and the special opportunities it provides At its core this work contends that law necessarily presupposes community but also essentially extends it Arguing that communitarianism must be understood as an effort to reconstruct liberalism and not just debunk it *Communitarianism in Law and Society* explores what good is to come of this movement for legal theory and practice **Encyclopedia of Criminal Justice Ethics** Bruce A. Arrigo,2014-07-17 Federal state county and municipal police forces all have their own codes of conduct yet the ethics of being a police officer remain perplexing and are often difficult to apply in dynamic situations The police misconduct statistics are staggering and indicate that excessive use of force comprises almost a quarter of misconduct cases with sexual harassment fraud theft and false arrest being the next most prevalent factors The ethical issues and dilemmas in criminal justice also reach deep into the legal professions the structure and administration of justice in society and the personal characteristics of those in the criminal justice professions The *Encyclopedia of Criminal Justice Ethics* includes A to Z entries by experts in the field that explore the scope of ethical decision making and behaviors within the spheres of criminal justice systems including policing corrections courts forensic science and policy analysis and research This two volume set is available in both print and electronic formats Features Entries are authored and signed by experts in the field and conclude with references and further readings as well as cross references to related entries that guide readers to the next steps in their research journeys A

Reader's Guide groups related entries by broad topic areas and themes making it easy for readers to quickly identify related entries A Chronology highlights the development of the field and places material into historical context a Glossary defines key terms from the fields of law and ethics and a Resource Guide provides lists of classic books academic journals websites and associations focused on criminal justice ethics Reports and statistics from such sources as the FBI the United Nations and the International Criminal Court are included in an appendix In the electronic version the Reader's Guide index and cross references combine to provide effective search and browse capabilities The Encyclopedia of Criminal Justice Ethics provides a general non technical yet comprehensive resource for students who wish to understand the complexities of criminal justice ethics

Justice Michael J. Sandel, 2007-09-27 Moreover Sandel's organization of the readings and his own commentaries allow readers to engage with a variety of pressing contemporary issues

**Communitarianism and Citizenship** Emiliós A. Christodoulidis, 1998 8 Social Citizenship Re commodification and the Contract State 9 The Corporate Republic Complex Organizations and Citizenship Part IV 10 Civil Society as the Community of Citizens Adam Ferguson's Alternative to Liberalism 11 Baffling Criticism of an Ill equipped Theory An Intervention in the Exchange Between MacIntyre and Taylor 12 The Community of Friends 13 Doing Justice to Particulars Contributors

**Ethical Theory and Business** Tom L. Beauchamp, Norman E. Bowie, 2004 Ethical Theory and Business 8 e presents a comprehensive anthology of readings legal perspectives and cases in ethics in business Focuses on providing and explaining the tools needed to deal with ethical dilemmas in business The authors examine ethical theory and business practice the purpose of the corporation corporate character and individual responsibility acceptable risk the ethical treatment of employees diversity and discrimination in the workplace marketing and disclosure of information ethical issues in information technology and ethical issues in international business This book is intended for those interested in examining the ethical challenges we face today

Community and Communitarianism Haig Khatchadourian, 1999 Community and Communitarianism presents and defends in detail a care centered ideal of a good and moral community a form of social organization imbued with the virtues of a care centered ethic such as cooperation in teleological communities cooperation in the realization of communal goals mutual concern and solidarity sympathy and empathy benevolence a spirit of sacrifice and affection love and caring It is argued that a care centered ethic hence a care centered community needs to be constrained and fortified by equal respect for the participants basic human right to be treated as moral subjects together with fair and just treatment Besides contributing to social philosophy the book contributes significantly to ethics

**Global Justice** Charles Jones, 1999 What obligations do wealthy people have to ensure that the world's poor achieve a quality of life that is recognizably human This is the fundamental question of international distributive justice and one that has only been seriously debated in the last 25 years This book analyzes the relative merits of the core moral perspectives framing the debates including the universalist nationalist patriotism and relativist

**Teaching Ethics**, 2002 **Religious Goodness and Political Rightness** Yong Huang, 2001

Religious Goodness and Political Rightness offers a stimulating timely examination of the liberal and communitarian approaches to the conflicts between people's religious ideas of the Good and their political ideas of the Right Coming from a non partisan perspective Huang argues that liberalism fails to see that politics cannot be neutral to all religions by equally ignoring them all while communitarianism fails to understand that politics based on one single religion may lead either to political sectarianism or totalitarianism in a religiously plural society      Contemporary Debates in Political Philosophy Thomas Christiano, John Christman, 2009-05-04 This collection of 24 essays written by eminent philosophers and political theorists brings together fresh debates on some of the most fundamental questions in contemporary political philosophy including human rights equality constitutionalism the value of democracy identity and political neutrality Presents fresh debates on six of the fundamental questions in contemporary political philosophy Each question is treated by a pair of opposing essays written by eminent scholars Lively debate format sharply defines the issues invites the reader to participate in the exchange of arguments and paves the way for further discussion Will serve as an accessible introduction to the major topics in political philosophy whilst also capturing the imagination of professional philosophers Offers the unique opportunity to observe leading philosophers engaging in head to head debate      **Britannica Book of the Year** ,2012      **The Hedgehog Review** ,2001      **Communitarianism and Its Critics** Daniel Bell,1991      **Infrastructure-based Community Development** Wicaksono Sarosa,2001
