Communities Of Individuals Liberalism Communitarianism And Sartres Anarchism:

Jean-Paul Sartre's Anarchist Philosophy William L. Remley, 2018-02-22 The influence of anarchists such as Proudhon and Bakunin is apparent in Jean Paul Sartre's political writings from his early works of the 1920s to *Critique of Dialectical Reason* his largest political piece Yet scholarly debate overwhelmingly concludes that his political philosophy is a Marxist one In this landmark study William L Remley sheds new light on the crucial role of anarchism in Sartre's writing arguing that it fundamentally underpins the body of his political work Sartre's political philosophy has been infrequently studied and neglected in recent years Introducing newly translated material from his early oeuvre as well as providing a fresh perspective on his colossal *Critique of Dialectical Reason* this book is a timely reinvigoration of this topic It is only in understanding Sartre's anarchism that one can appreciate the full meaning not only of the *Critique* but of Sartre's entire political philosophy This book sets forth an entirely new approach to Sartre's political philosophy by arguing that it espouses a far more radical anarchist position than has been previously attributed to it In doing so Jean Paul Sartre's *Anarchist Philosophy* not only fills an important gap in Sartre scholarship but also initiates a much needed revision of twentieth century thought from an anarchist perspective

Communities of Individuals Mike Cross, 2001 This book examines the liberal communitarian debate from a new perspective Communitarians argue that liberal theory neglects the significance of communities for the lives of their members An examination of that argument reveals that there are deficiencies in the communitarian account of community Identifying and remedying those deficiencies is the key concern of this book uniquely addressing the deficiencies using Sartre's anarchist theory derived from an interpretation of the *Critique of Dialectical Reason* Sartre champions the individual yet criticises liberalism The tension arising from these two apparently disparate positions makes for a fruitful argument enhanced by the connections made with Aristotelian and feminist theory Hobbes and Rousseau Finally a method is developed for inquiring into the nature of associations which it is argued should interest communitarians concerned to avoid deficiencies in their account of community

Communities of Individuals Michael J. R. Cross, 2017-10-05 This title was first published in 2001 This book examines the liberal communitarian debate from a new perspective Communitarians argue that liberal theory neglects the significance of communities for the lives of their members An examination of that argument reveals that there are deficiencies in the communitarian account of community Identifying and remedying those deficiencies is the key concern of this book Uniquely this book addresses the deficiencies using Sartre's anarchist theory derived largely but not exclusively from an interpretation of the *Critique of Dialectical Reason* Sartre champions the individual yet criticises liberalism The tension arising from these two apparently disparate positions makes for a fruitful argument enhanced by the connections made with Aristotelian and feminist theory Hobbes and Rousseau Finally a method is developed for inquiring into the nature of associations which it is argued should interest communitarians concerned to avoid deficiencies in their account of community

Theology and the Religions Viggo Mortensen, 2003 The

academic study of religion is undergoing great changes in response to globalization Just as sociologists now find it necessary to think in terms of multiculturalism so religion scholars and theologians today must work in the context of multireligiosity Globalization is leading not only to multiethnic societies but also to plurality in religions and worldviews Theology and the Religions A Dialogue offers the first sustained analysis of the trend toward multireligiosity and its implications for the study of religion Drawing on the resources of cultural analysis religious studies and theology an international slate of scholars explores the relation of multiculturalism and multireligiosity the need for interreligious dialogue and the possibilities for a theology of religions This groundbreaking work is supported by case studies of various religious traditions in diverse cultures from around the world Special attention is paid to Christian theological reflection however since as a global religion Christianity is particularly challenged by multireligiosity Offering an engaging wide angle view of religion worldwide Theology and the Religions makes a vital contribution to our understanding of the forces shaping the future of religious and social life Contributors Kajsa Ahlstrand Theodor Ahrens Jan Martin Berentsen Ulrich Dehn Helene Egnell Marianne C Qvortrup Fibiger Patrik Friedlund Virginia Garrard Burnett Geomon K George Elisabeth Gerle Friedrich Wilhelm Graf Hans Hauge Ulf Hedetoft S Mark Heim Chris Hewer Klaus Hock Michael Ipgrave Andrew J Kirk Lene K hle Volker K ster Aasulv Lande Oddbjorn Leirvik Ole Skjerk k Madsen Hiromasa Mase Mogens S Mogensen Viggo Mortensen Johannes Nissen Klaus N rnbarger Caleb Oladipo Tinu Ruparell Risto Saarinen Lamin Sanneh Olaf Schumann Notto R Thelle Joachim Track V tor Westhelle H S Wilson

Responses to Governance John C. Dixon, 2003-04-30 Dixon and his colleagues provide a behaviorist perspective on governance Their concern is with the governed s responses to those who seek to govern them their governors and the counter responses that they induce from the governors They take as axiomatic that the governed are not a homogenized and amorphous them in the them us dichotomy reduced to what Carlyle called a dead logic formula thereby for the purpose of this analysis leave begging all the relevant questions The governed are not a disembodied abstraction they are an aggregate of men and women of flesh and blood In a corporation they are corporate directors whose governors are those who own or perhaps have a stake in that corporation corporate managers whose governors are the corporate directors corporate employees whose governors are the corporate managers In a society they are individuals or groups of individuals perhaps in corporations located within its jurisdiction whose governors are the members of societal political and administrative elites At the global level they are individuals or groups of individuals in countries and corporations within the jurisdiction of international governmental organizations and international regimes whose governors are those who seek to control those global governance mechanisms Whether the governed s response to their governors processs is one of compliance or antagonism and how the governors response to any antagoism has implications for governance capacity good governance and governability A provocative study that will be of interest to students and scholars of political theory international relations and management and organizational theory as well as those who are concerned with issues of

governance at all levels corporate societal and global National Council of Churches Review ,2002 **American Book Publishing Record** ,2002 **The British National Bibliography** Arthur James Wells,2002 **Forthcoming Books** Rose Army,2001 **The Philosopher's Index** ,2008 Vols for 1969 include a section of abstracts *Christianity Today* ,1990

Paperbound Books in Print ,1983 Community, Anarchy and Liberty Michael Taylor,1982-09-09 Author argues for a viable and stable form of anarchic or stateless society relying crucially on a form of community He examines existing anarchic or semi anarchic societies to show that it is possible to maintain ideals in a communitarian anarchy The Impossible Community John P. Clark,2013-06-06 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com The Impossible Community confronts a critical moment when social and ecological catastrophe loom the Left seems unable to articulate a response and the Right is monopolizing public debates This book offers a reformulation of anarchist social and political theory to develop a communitarian anarchist solution It argues that a free and just social order requires a radical transformation of the modes of domination exercised through social ideology and institutional structures Communitarian anarchism unites a universalist concern for social and ecological justice while recognizing the integrity and individuality of the person In fact anarchist principles of mutual aid and voluntary cooperation can already be seen in various contexts from the rebuilding of New Orleans after Katrina to social movements in India This work offers both a theoretical framework and concrete case studies to show how contemporary anarchist practice continues a long tradition of successfully synthesizing personal and communal liberation This significant contribution will appeal not only to students in anarchism and political theory but also to activists and anyone interested in making the world a better place

Getting the books **Communities Of Individuals Liberalism Communitarianism And Sartres Anarchism** now is not type of inspiring means. You could not deserted going once book addition or library or borrowing from your connections to admission them. This is an very simple means to specifically get guide by on-line.
