Community Colleges A Model For Latin America:

Community Colleges Cláudio de Moura Castro, 2003 Heralded as one of the great educational innovations of the 20th century community colleges have played a crucial role in democratizing and expanding post secondary education In the United States and Europe one and two year education and training programs now absorb at least half of all high school graduates *Community Colleges A Model for Latin America* explores how these institutions can help address the very challenges faced by post secondary education in the region an expanding and heterogeneous clientele a lack of alternative social mobility options for people unable to attend traditional universities and the need for more relevant curriculum that emphasizes knowledge and skills better attuned to the needs of the job market The book aims to foster the development of effective community college models in Latin America by discussing the issues and obstacles from the North American experience in terms of financing accreditation prestige and a regulatory and incentive framework Latin America is far behind Europe and the United States in developing diverse quality programs for its growing post secondary population which includes many people previously excluded from higher education Schools that offer one and two year programs generally serve the least affluent and politically influential groups so they often are short changed in the allocation of funds Yet as demand for these programs grows educators and ministries are left grappling to find new teaching methods identify new markets for graduates and better match students with real labor market demand The community college model may be a source of inspiration for Latin America s efforts to reach out to this new educational clientele Globalization and Education Nelly P. Stromquist, Karen Monkman, 2014-03-04 We offer in this book a collection of chapters that reflect a broad range of issues linking globalization to education in an accessible yet theoretically grounded and detailed form The authors analyze phenomena on the global plane in local spaces and in the connections between the global and the local New developments such as the growing impact of technology on education the emergence of new policy actors the growing expansion and segmentation of higher education the salience of human rights among others are emerging as powerful agendas shaping all levels of education In fundamental ways the forces of globalization challenge the previous approaches and theories of national development Recognizing the areas of convergence dissonance and conflict should help us grasp with greater clarity the implications of globalization for education and knowledge in the XXI century The contributors to this book include both well known scholars in the field of comparative education as well as young scholars The chapters present a balanced geographical coverage in terms of authors and the countries regions examined The second edition has been thoroughly updated throughout and contains seven new chapters The expanding interest in the intersection of education and globalization has brought up several new topics including the salience of global education policies notably EFA the expansion and differentiation of higher education the emphasis on work related training the increasing role of non state actors such as the transnational corporations and greater attention to human rights Also in this new edition is a chapter on qualitative

methodologies especially suitable to the understanding of the intersection of globalization and education **Resources in Education** ,1994-08 *Education and Society* ,2006 **Community College Journal** ,2004 **Higher Education for American Democracy** United States. President's Commission on Higher Education,1947 **Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur** ,2004 **Reverse Acronyms, Initialisms & Abbreviations Dictionary**. Mary Rose Bonk,Regie Carlton,Gale Research Inc,1997 *Inventory of Computers in U.S. Higher Education, 1969-1970* John Wesley Hamblen,1972 **Global Development of the Community College Model** Carmen L. McCrink,Heidi Whitford,Natasha C. Stubbs,2017-04-10 While the community college is a longstanding institutional type within the U S the success of this model has recently garnered international attention As countries outside the U S grapple with issues regarding access and affordability of higher education opportunity the concept of the community college has gained traction This issue explores The global expansion and development of the community college model in various countries and regions around the world Insights into the establishment and sustainability of these institutions in other countries through research and analysis and Case studies that focus on the development and implementation process of community colleges amid various social political and economic contexts This is the 177th volume of this Jossey Bass quarterly report series Essential to the professional libraries of presidents vice presidents deans and other leaders in today s open door institutions New Directions for Community Colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission **School Life** ,1923 **The Christian Science Journal** ,1883 **Community, Technical, and Junior College Journal** ,1990 *Subject Catalog, 1981* Library of Congress,1981 Readers' Guide to Periodical Literature Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1919 *Christian Work in South America* Committee on Cooperation in Latin America,1925 Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office,1979 The College Courant ,1872 *Michigan Education Journal* ,1923 Includes section Moderaor topics **Scholarships, Fellowships, and Loans** Cengage Gale,Thomson Gale (Firm),2006-11 Provides more than 4 200 sources of education related financial aid and awards at all levels of study Includes a section on federal financial aid that features a quick summary of programs sponsored by the federal government Also includes a state by state listing of agencies that users can contact in their home state
