# >>> Service Learning and Volunteering #IHES guidelines

## 1 WHAT CAN BE YOUR GOALS OR REASON?

The majority of these projects focus on public goods while some also address social justice and a few economic goals. You will most likely want to increase the skills of your students while developing locals into global citizens. These projects often focus on mutual learning effects since they bring the local to the global. And service learning puts the local community in the focus of interest.

## 2 WHO CAN BE YOUR BENEFICIARIES?

Usually, the beneficiaries abroad are organisations or companies to which you send your students for volunteering and service learning. Volunteering will focus on local NGOs, often in the field of education or equal rights. Service learning has a broader spectrum of target groups including SMEs, local administration and NGOs. SL is often more focused on concrete projects for the local partner solving a practical problem and therefore can serve the IHES goal directly by combining the international with the problem solution.
