## **Community Organizing Building Social Capital As A Development Strategy:**

**Community Organizing** Ross Gittell, Avis Vidal, 1998-06-10 Community Organizing provides new insight into an important national challenge how to stimulate the formation of genuinely community based organizations and effective citizen action in neighborhoods that have not spawned these efforts spontaneously Since Robert Putnam s identification of the role of social capital in regional governance and economic development there has been a virtual industry of interest and action created around the implications of his findings for the development of low income communities Yet there remains a paucity of detailed empirical effort testing and refining his ideas This book attempts to fill this gap Community Organizing distills lessons from a national demonstration program that employed a novel approach to community organizing consensus organizing Consensus organizing enhances social capital building both stronger internal ties and capacity in low income communities and fostering new relations bridges between residents of low income communities and larger metropolitan area support communities Using evaluation research and detailed comparative study of community development activity in three diverse demonstration sites Ross Gittell and Avis Vidal identify key elements of building social capital which strongly affect community development comprehension of community development credibility of effort and participants confidence competence and constructive critiques of efforts Other elements are more relevant to program management and implementation and include communication among participants congruence of program effort management of inherent contradiction and adjusting implementation to reflect local context This book describes the limits and promise of building social capital and will be of interest to community development students and professionals      *Consensus Organizing: A Community Development Workbook* Mary L. Ohmer, Karen DeMasi, 2008-10-15 A person doesn t have to be a consensus organizer to think like one Consensus Organizing A Community Development Workbook A Comprehensive Guide to Designing Implementing and Evaluating Community Change Initiatives helps students and practitioners begin to think like consensus organizers and incorporate this way of strategic thinking into their lives and their work Through a wide range of exercises role play activities case scenarios and discussion questions this workbook presents the conceptual framework for consensus organizing and provides a practical and experiential approach to understanding and applying consensus organizing to address a range of issues This workbook is designed to be used by itself or along with Mike Eichler s text Consensus Organizing Building Communities of Mutual Self Interest SAGE 2007 Accompanying Website Instructors and students have access to the many activities and cases on the accompanying website at [www.sagepub.com/ohmerworkbookstudy](http://www.sagepub.com/ohmerworkbookstudy)

**Community Organization and Development** Steve Clarke, 2017-03-23 This book traces the development of community development organization as it evolved separately in Britain and the United States and how the social and political situations in each country determined the various shapes and directions it took In presenting a comprehensive history of the subject Community Organization and Development draws on local and international factors that have helped to shape its application

and fortunes across varied settings Recent economic and social pressures the changing demographics of developed economies and the rise of social and cultural diversity all contribute to the need for a comprehensive model that can be deployed to effect the necessary social changes required for sustained change with stability The history of this intervention technique throws up many examples from which insight can be gained for the present time and Wales is used as an example of how national policy and local development could be combined for maximum effect Community development should become reliable and quantifiable and the comprehensive model developed here demonstrates how and when it should be deployed

**Handbook of Community Movements and Local Organizations** Ram A. Cnaan, Carl Milofsky, 2007-12-18 Although the way associations and the organization of local social life are intertwined is one of the oldest approaches to community study the way citizens and residents come together informally to act and solve problems has rarely been a primary focus Associations are central to important and developing areas of social theory and social action This handbook takes voluntary associations as the starting point for making sense of communities It offers a new perspective on voluntary organizations and gives an integrated yet diverse theoretical understanding of this important aspect of community life

**Youth Programs as Builders of Social Capital** Matthew Calvert, Mary Emery, Sharon Kinsey, 2013-08-07 This volume builds understanding of practices in youth and community development that create or build social capital assets at the individual group and community levels The authors explore whether programs contribute to the development of social capital at the individual and community scales thereby fostering and enhancing positive youth development as well as community development It includes articles on defining and measuring social capital through instruments designed to document impact and also to engage program participants The authors then discuss program practices that build social capital in a wide range of youth development settings from community based service learning to 4 H community clubs Finally they focus on building social capital in particular contexts including work in rural communities with the most vulnerable youth The volume is designed to help practitioners Refine their dual focus on youth and community development Clarify constructs that help translate the public value of positive youth development to community stakeholders Provide examples of practices that link youth and youth programs more intentionally to the social relationships that knit communities together This is the 138th volume of New Directions for Youth Development the Jossey Bass quarterly report series dedicated to bringing together everyone concerned with helping young people including scholars practitioners and people from different disciplines and professions

**Social Capital and Economic Development** Jonathan Isham, Thomas Kelly, Sunder Ramaswamy, 2002-01-01 The chapters in this volume explore the challenges and opportunities raised by this concept for researchers practitioners and teachers Social Capital and Economic Development is based upon a consistent policy based vision of how social capital affects well being in developing countries
