Como sacar los idiotas del gobierno William Upski Wimsatt, adrienne maree brown, Héctor A. Ceballos, 2004-11-30
Anyone can write a rant against the state of American democracy today Anyone can talk trash about politicians or bemoan the apathy of the electorate the low turnout the low attention span the cynicism How To Get Stupid White Men is a guide to getting off one's cynical ass and doing something about it Over the past six months William Upski Wimsatt has been working with a group of people who have hitherto engaged in myriad forms of social work and political activism to develop a strategy that will effect positive change on American society through the electoral process Rather than taking to the streets rather than bombing graffitiing the suburbs Wimsatt and his colleagues plan to throw the bums out This book will tell the story of 19 such cases over the past couple of years and outline all the potential races for 2004 describing the tactics to be utilized in an array of contested races across the country by creating coalitions of gay enviro Black Latino and other young groups of voters The goal is to make this the most useful politically life changing book any 15 35 year old could read this election year
