Companion Guide To Mainland Greece:

The Companion Guide to Mainland Greece Brian De Jongh, John Gandon, Geoffrey Graham-Bell, 2000 When Brian de Jongh's two classic Companion Guides Southern Greece and Mainland Greece were first published they were greeted with acclaim and immediately established themselves as essential guides They have now been combined into this single volume covering the whole of the Greek mainland This new edition has been thoroughly revised by John Gandon Brian de Jongh's nephew and Geoffrey Graham Bell taking into account both new archaeological discoveries and recent development Brian de Jongh combined an expert knowledge of history archaeology and mythology with a profound understanding of the Greek people and a feeling for the landscape which inspired their myths and monuments he describes a country that he loved and much of which Pausanias writing almost two thousand years ago would still recognise This book is more than ever the most indispensable of all modern guides to Greece
