Understanding and Bridging the Gap between Neuromorphic Computing and Machine Learning Lei Deng,Kaushik Roy,Huajin Tang,2021-05-05

Production Management Methods Cláudio Walter,Francisco José Kliemann,José Palazzo Moreira Oliveira,1994

National borders are becoming increasingly open for goods and ideas and this is creating challenges both for the industrialized countries and for the developing world Most countries wish to keep and to grow their industries and this requires the design and operation of very complex systems in such a way as to maximize jobs profits and the quality of life in general under quite different conditions An improved understanding of the distinct operations variable trade offs indeed quite individual conceptual models of manufacturing systems in different regions is therefore necessitated This publication addresses various aspects involved in the achievement of the aim It presents new developments in production management methods tools for the evaluation of them and assessments of the adequacy of different production management methods applied to various classes of production systems Test cases and application

statistics are analysed thereby affording a comprehensive picture of the present situation and a vision for enhanced future development

Do Good Well Nina Vasan, Jennifer Przybylo, 2013-03-14 Written with a fresh voice and a dash of humor Do Good Well is an exciting and readily adaptable guide to social innovation that not only captures the entrepreneurial and creative spirit of our time but also harnesses the insights wisdom and down to earth experience of today s most accomplished young leaders Do Good Well offers a winning combination of theory anecdote and application giving you the framework you need to make an impact next door or across the world The authors present a 12 step process that empowers readers to act on their passions and concerns This process is organized into three parts Do What Works Work Together and Make It Last They offer specific guidance for following the process through practical and prescriptive actions such building organizations joining boards applying for funding creating partnerships with organizations that have similar goals organizing conferences and publicizing events The book incorporates accounts of young people in action and always reinforces the message that social innovation can be a lifestyle made up of efforts small and large It is not an all or nothing proposition and anyone can affect social change
