Global Civil War William I. Robinson, 2022-06-14 Following up on his earlier best seller The Global Police State this exciting new study by critically acclaimed scholar and activist William I Robinson offers a big picture contribution to understanding contemporary global society in the aftermath of the coronavirus pandemic It puts forth an original and cutting edge expos of the radical transformation of global capitalism

now underway driven by new digital technologies and turbo charged by the pandemic It provides shocking data and analysis on the concentration of power and control in the hands of corporate conglomerates tech giants mega banks and the military industrial complex The book documents the extent of unprecedented global inequalities as the mass of humanity faces violent dispossession and uncertain survival Enabled by digital applications the ruling groups unless they are pushed to change course by mass pressure from below will turn to ratcheting up the global police state to contain the global revolt If the book issues a dire warning against the emergence of a dystopic digitalized dictatorship it also finds great hope and inspiration in the burgeoning social movements of the poor and the dispossessed as humanity descends into global civil war While deeply analytical and theoretically sophisticated the study is written in such a style that it is eminently accessible to a wider public beyond the academy While the work will satisfy scholars it is destined to become a companion text to those struggling on the frontlines for global social justice and a more hopeful future The Routledge Companion to the Future of Management Research David Crowther, Shahla Seifi, 2023-09-14

The management of organisations continues to evolve as new priorities emerge and new approaches are developed Thus it is clear that research into business and management will also continue to evolve This will be in terms of both what is researched and in terms of the techniques and methods used to conduct research Such development will continue into the future and this book highlights evolving areas It also suggests new topics which are emerging and new techniques to conduct such research topics and techniques that will be of benefit to researchers The unique focus on the future of research methods in management the emergence of topics in contemporary management and sustainability research and practices such as sustainability and circular economy will set this volume apart With coverage of new and emerging subjects in management studies such as sustainability zero carbon green market and circular economy and the international collaboration with contributors from all around the globe this major interdisciplinary reference volume will be of interest and great value to researchers academics and advanced students in the fields of business and management research and appropriate methodologies Generations in the World of Work Corey Seemiller, Meghan Grace, 2024-12-30
