Revolutionizing English Education Clarice M. Moran, 2024-04-30 Artificial Intelligence or AI has seemingly burst into public consciousness with sudden vigor Previously relinquished to computer science journals it erupted as the unrelenting topic of public media with most of the furor surrounding chatbots like ChatGPT Although many educators began worrying about the implications of AI in student learning and creative activity this book will demonstrate that AI can be harnessed as a source of inspiration and meaningful instruction With an emphasis on useful classroom strategies as well as a consideration of the ethics of AI this book seeks to start a conversation in this nascent area of research and practice The primary focus is on the use of AI in the secondary English classroom but educators in other disciplines will find plenty of ideas and information

balance their personal and professional lives **AI for School Leaders** Vickie F. Echols, 2024-08-13 This practical guide helps school leaders leverage the power of AI to explore possible solutions to problems and generate actionable steps toward positive change. Imagine a world where educators can boost their productivity, task management, and overall well-being with the aid of an AI assistant. In this groundbreaking book, an experienced school leader offers practical strategies for leveraging AI to support a more efficient and effective way to work. The 62 strategies in this book will help leaders, including those with limited technical knowledge, use AI tools to address critical aspects of leadership in education, such as collaborative decision making, building relationships, and trust, personalized professional learning, data analysis, and improvement, and parent and community engagement. Featured examples show how using AI can speed up or eliminate administrative tasks, leaving more time for human interaction. With detailed prompts and instructions on how to write them, the book offers fun, innovative ideas that promote work-life balance and sustainable wellness in leadership roles, with strategies for managing workload and fostering personal growth. The book follows a structured format, with each example offering a problem, solution, action steps, acceleration tips, and cautions. Shows how to formulate effective AI prompts that yield accurate and meaningful responses from AI tools. Addresses safety and ethical considerations, highlighting potential risks, challenges, and cautions school leaders need to be aware of when using AI-powered solutions. Whether you're an experienced leader or just starting out, this book equips you with the tools and insights needed to lead with confidence, collaboration, and compassion. Stay ahead of the curve and embrace the transformative potential of AI with this essential resource. Audience: Education leaders and administrators.

AI for Teachers MAYA. HART, 2025-09-23 Feeling overwhelmed by endless lesson planning, grading, piles of assignments, and trying to keep students engaged in a world that changes faster than you can keep up? You're not alone. Teachers today work an average of 50 hours a week, and studies show nearly 40% of that time is spent on administrative tasks instead of teaching. At the same time, AI is reshaping every industry, with experts warning that by 2030, up to 800 million jobs worldwide could be impacted by automation, including education. If this sounds alarming, here's the good news: AI will not replace teachers, but teachers who know how to use AI to save time will replace those who don't. This book shows you exactly how to stay ahead of the curve while saving hours every week and reigniting your passion for teaching. **AI for Teachers: Save Hours, Engage Students, and Stay Ahead** offers a clear, empowering path for educators who want to thrive in the AI era. It combines simple explanations, classroom-ready strategies, and step-by-step AI integration in teaching so you can work smarter, engage learners more deeply, and reclaim your time. Inside, you will discover AI tools for lesson planning and feedback that save you hours every week, personalization strategies to create personalized learning paths using AI, engagement boosters with AI-driven activities such as gamified lessons, interactive discussions, and creative projects, time-saving automation for emails, scheduling, and parent-teacher communication so you can focus on students, real classroom examples of teachers who used AI for teacher workflow automation to improve student outcomes and reduce burnout.
