Twelve and a Half Gary Vaynerchuk, 2021-11-30 USA Today Bestseller. In his sixth business book, bestselling author, entrepreneur and investor Gary Vaynerchuk explores the twelve essential emotional skills that are integral to his life and business success and provides today's and tomorrow's leaders with critical tools to acquire and develop these traits. For decades, leaders have relied on hard skills to make smart decisions while dismissing the importance of emotional intelligence. Soft skills like self-awareness and curiosity aren't quantifiable; they can't be measured on a spreadsheet and aren't taught in B-schools or emphasized in institutions. We've been taught that emotional intelligence is a nice-to-have in business, not a requirement. But soft skills can actually accelerate business success. Gary Vaynerchuk argues. For analytical minds, it's challenging to understand how to get better at being self-aware, curious, or empathetic, or even why it's important to try. In this wise and practical book, Gary explores the 12 human ingredients that have led to his success and happiness and provides exercises to help you develop these traits yourself. He also shares what the half is: that emotional ingredient of leadership he's weakest at and makes the most effort to improve. Working through the ideas and exercises in the book, he teaches you how to discover your own halves and offers insight on how to strengthen them. Gary's secret to success is using these twelve traits in varying mixtures depending on the situation. But how do we know when to balance patience with ambition? Humility with conviction? Gary provides real-life examples involving common business scenarios to show you how to use them together for optimum results. This iconoclastic book will help you refine your ingredients and improve your leadership capabilities. When implemented in the proper situation, these ingredients can help leaders land promotions, retain core employees, move faster than competitors, win the loyalty of customers, and build successful organizations that last.

Bring Your Human to Work: 10 Surefire Ways to Design a Workplace That Is Good for People, Great for Business, and Just Might Change the World Erica Keswin, 2018-09-28 WALL STREET JOURNAL BESTSELLER The secret to business success Get REAL and be HUMAN As human beings we are built to connect and form relationships So it should be no surprise that relationships must also translate into the workplace where we spend most of our time Companies that recognize this will retain the most productive creative and loyal employees and invariably seize the competitive edge The most successful leaders are those who actively form quality relationships with their employees who honor fundamental human qualities authenticity openness and basic politeness and apply them day in and day out Paying attention and genuinely caring about the effects people have on one another other is key to developing a winning culture where people perform at the top of their game and want to work As a workplace strategist and business coach Erica Keswin has spent over 20 years working with top business leaders and executives to build successful organizations that honor relationships Featuring case studies from top brands such as Lyft Starbucks Mogul and SoulCycle to name a few Bring Your Human to

Work distills the key practices of the most human companies into applicable advice that any business leader can use to build a human workplace. These building blocks include: Understanding your company's role in the world beyond financial profit; Encouraging employees to be healthy in body and spirit; Running your meetings with clear purpose; Making space for face-to-face interaction; Building professional development into company culture; Inspiring your workforce to give back to the community; Simply saying thank you. A human company is real, genuine, aligned, and true to itself. A real company flaunts its humanity instead of hiding it. It's what the most successful sustainable companies are doing today, and there's no reason yours can't be the same. Keswin's leadership lessons foster fairness, devotion, and joy in the workplace, all critical elements of a successful business. By bringing your human to work, you can design a workplace that is good for people, great for business, and just might change the world.

The Retention Revolution: 7 Surprising (and Very Human!) Ways to Keep Employees Connected to Your Company Erica Keswin, 2023-09-26 Wall Street Journal Bestseller and Publishers Weekly Bestseller. Build a business with relationships at the center, and you will seize the competitive edge in today's volatile job or talent market. People are quitting their jobs in droves, then coming back. Employees are demanding flexibility, while some leaders insist they return to the physical office. Remote work is incredibly convenient but complicated. The job market is always in flux, but one thing is for sure: the last few years have presented the greatest challenges the business world has ever faced. Don't freak out. If you accept the new reality and harness the incredible power of healthy, authentic relationships, you can seize the competitive edge in this new world of work. In *The Retention Revolution*, Keswin makes the case for completely rethinking the nature of work, workers, and workplaces. Rather than view a workforce as a talent pool filled with loyal company employees, you should look at it as a constantly flowing river of dynamic, robust human beings where people come and go, and often come back. Keswin walks you through this reframing process and replaces seven old ideas that don't serve anyone anymore with powerful new concepts that drive organizational success, including:

- New: Dynamic change is what powers people and organizations.
- Old: Stability leads to growth.
- New: Autonomy and flexibility make work work.
- Old: People are only working when you can see them.
- New: Developing your tech intelligence is paramount.
- Old: The more technology, the better.
- New: Companies benefit from well-adjusted employees.
- Old: Professional development is professional development.
- Old: Professional development should be job-related.

This game-changing playbook is filled with accessible and actionable case studies and research that will prove how transforming these old ideas into new beginnings is good for people, great for business, and just might change the world. With *The Retention Revolution*, you have everything you need to form deep connections with employees and even potential employees starting with the organization's very first contact with the person, and extending to throughout the person's entire career.
