*Is man still relevant? A provocation* Hermann Selchow, 101-01-01 Are humans still relevant A provocation technological evolution and human existence The world is changing rapidly algorithms are making decisions machines are taking on tasks that were once reserved for humans and artificial intelligence is developing at a breathtaking pace But what does that mean for us as a species Are humans still relevant or are they being challenged by their own technological creation This book poses uncomfortable questions and invites you to reflect deeply on the future of human existence In a fascinating combination of philosophy science and technology it analyzes in an understandable way how the digital revolution is changing our identity our job market and our ethical standards For all those who are grappling with the big questions of our time Are humans masters of their future or are we heading inexorably towards a new era in which humans themselves become marginal figures A rousing and provocative non fiction book for all those who not only want to observe technological progress but also actively consider it and possibly help shape it Hermann Selchow *Delusive Speech*

*in the Sharing Economy* Julie Reid, 2025-03-04 In this examination of how the rise of online sharing economy platforms has facilitated online crime this book shows how while marketed as trustworthy peer to peer services these platforms are highly vulnerable to misuse by scammers and are used for the dissemination of delusive speech The analysis centres around the concept of delusive speech a sub set of disinformation designed to deceive and motivate by criminal intent Looking beyond the economic and disruptive impacts of sharing economy platforms like Uber Airbnb and others this book situates these Big Tech giants as mass communication channels that are frequently misused by bad actors to distribute dangerous content globally Drawing from over 600 cases of victims lured into scams or physical danger via misleading Airbnb listings the book provides a detailed case study exposing Airbnb s failure to establish legitimate safety measures despite branding its platform

as a community of trust Incorporating netnography and thematic analysis the author theorises the deceptive semiotic structure of delusive speech and evaluates practical mechanisms Airbnb could employ to prevent scams and crime on its platform With a global audience including researchers in communication and media studies digital media and media industries as well as tech journalists Silicon Valley critics policymakers and digital rights advocates this book unmasks how sharing economy giants like Airbnb contribute to an epidemic of online deception causing real world harm M.G.T.O.W.
