Perspective Agents Chris Perry, 2024-01-15 A guidebook for anyone looking to comprehend and prosper in the new world order In the age of autonomy two parallel revolutions are unfolding The first is a technological uprising in which machines and algorithms achieve an unprecedented level of independence Automation and AI will transform industries altering the fabric of our economy and society But this technological tide is more than a force of disruption it s a harbinger of a new way of thinking and living The parallel revolution is deeply human and even more profound As traditional structures crumble a new sense of human autonomy emerges allowing us to find meaning and direction in unexpected ways Perspective Agents delves into this complex dance between machine and man challenging us to adapt to and thrive in this new era Drawing from extensive research interviews and personal experience communications consultant Chris Perry explores The problem with using conventional wisdom to make sense of new realities How the predominant technologies of an era shape new values norms and behaviors The pioneering mindsets models resources and strategies vital to future success Through an unflinching examination of both technological and human evolution this book encourages readers to harness the potential of the Autonomous Age see the world anew through new sources and forge a path for professional and personal growth

Globalisation, Commodification and Cultural Production in Africa Kathrin Schmidt, 2023-12-04 This book engages with contemporary cultural production in Africa focusing on theatre in Sierra Leone as main case study The author provides coverage of and insights into such themes as cultural globalisation commodification the global creative economy culture and development international relations and contemporary cultural production in Sierra Leone within the context of local and global flows of people media images technologies finance and

ideas Combining the analysis of theatre in Sierra Leone and its aesthetics with its policy structural and institutional context this book highlights in much detail and nuance the interconnectedness between the micro and the macro levels of cultural production between the local and the global and between aesthetics politics policy governance structures and institutions This book links the particular findings from the author s fieldwork to larger issues of contemporary local cultural production within the context of globalisation commodification and decolonisation adds a postcolonial perspective to existing theories and approaches to cultural production management and policy which is still largely missing from the existing discourse and also contributes to addressing the gap in the knowledge about the context of contemporary cultural productions in diverse African contexts This book will be particularly useful for both theatre scholars with an interest in the political economy of theatre and more broadly those seeking to understand the nuanced challenges and opportunities faced by policymakers artists and arts managers to embrace the cultural and creative industries in this context It also offers excellent insights for policymakers who wish to improve their understanding and interventions beyond superficial best practice snippets and simplified success stories

Retailing Denise T. Ogden, James R. Ogden, Robert Paul Jones, 2017-08-02 Light on the fluff solid on the basics the fourth edition of *Retailing* is a concise text that covers strategic issues with an eye on financial considerations and operations management issues illustrated through retail cases and exercises New co author Robert Paul Jones is Department Chair of Hospitality and Retail Management in the College of Human Sciences at Texas Tech In addition to his extensive academic work Dr Jones has over 25 years of executive leadership and consulting experience in retail and hospitality He uses an Integrated Retail Management flow chart to depict retail functions Most retail texts present students with a series of chapters that provide useful information but fail to explain how the various activities involved in retailing affect each other The 4th edition offers the student an overview of the retail process through the use of an integrated retail management IRM plan The steps involved in retailing as presented in the text are tied together through the IRM plan Expanded coverage of Mobile and e Tailing and included throughout the text and not treated as a stand alone chapter This helps emphasize that e tailing is a form of retailing that uses many of the same models as other forms Includes updated cases and real world examples And omni channel retailing incorporated throughout text
