*Apprentice Nation* Ryan Craig,2023-11-07 College isn't for everyone. It's time to challenge the status quo and embrace the potential of apprenticeships in tech, healthcare, finance, and more, which can provide a sustainable pathway to economic opportunity. For decades, college has been the only respectable way to access the world of work, despite paralyzing tuition and a dire lack of practical skills that has left 40 percent of college graduates underemployed, unfulfilled, and struggling to repay student loan debt. Education and workforce expert Ryan Craig explores how a modern apprenticeship system will allow students and job seekers to jump start their careers by learning while they earn, ultimately leading to greater workforce diversity and geographic mobility. With a deep dive into the history behind America's outdated college system, Craig reveals the origins of the student debt crises and admissions scandals. Why apprenticeships are an effective pathway to career opportunity. What America can do to catch up with other nations making apprenticeship opportunities broadly available. Where students and job seekers can go to land an apprenticeship. Featuring a directory of US apprenticeship programs by industry and location. *Apprentice Nation* is an accessible blueprint for a country where young Americans of all backgrounds can launch careers in a variety of in-demand fields. With just a few common sense changes to education and workforce development, an apprentice nation will put the American Dream within reach for everyone. *Remote Work Technology* Henry Kurkowski,2021-09-08 Your small business survival guide for the remote work environment. In *Remote Work Technology: Keeping Your Small Business Thriving From Anywhere*, experienced SaaS and telecommunications entrepreneur Henry Kurkowski delivers a step-by-step walkthrough for using SaaS technology and communication apps to power your small business from anywhere on the planet. You'll learn how to capitalize on the ability to hire a geographically distributed workforce and excel at serving clients at a distance. You'll also discover why and how you need to alter your approach to management and spot the common pitfalls that litter the way to a truly distributed business. This important book includes valuable case studies of businesses that embraced the reality of remote working during and after the COVID-19 pandemic and cautionary tales of unexpected challenges that arose during the transition. Discussions of how to incorporate remote workers into efficient workflows to increase your business productivity. Explorations of how to support your employees when you can't just pop into their office. Perfect for small business founders, owners, and managers. *Remote Work Technology* is also a must-read guide for independent contractors who work directly with small businesses and entrepreneurs. *HBR Working Dads Collection (6 Books)* Harvard Business Review, Daisy Dowling,2022-11-22 Everything you need to have a successful career and be the dad you want to be.
