Junker, 2024-12-31 The rapidly growing field of organizational psychology has over the last few years become one of the fastest growing branches of psychology Particularly taking care of the health and well being of employees in the workplace cannot only be considered a moral imperative but has begun globally to be recognised as driving forces of socio economic growth Employee health and well being is crucial to organizations in regards to improved productivity employee performance job satisfaction staff retention reduced absenteeism increased job satisfaction and work commitment Thus research relating to employee well being and health has produced

some significant results and furthered our understanding of this subsection of the organizational psychology field. The evolution of the way we work has also gained traction in the organizational psychology field in relation to remote working. Since the Covid 19 pandemic many workforces have adapted more or less permanently to this form of working. Frontiers has organized a series of Research Topics to highlight the latest advancements in research across the field of organizational psychology and the implications of remote working. This editorial initiative of particular relevance led by Professor Rolf van Dick, Specialty Chief Editor of the Employee Well being and Health section alongside Dr Anja Baethge and Dr Nina Junker is focused on the implications of remote working on employee well being and health. Working Remotely Molly Virello, 2022-05-09. In March of 2020 the world workforce moved to work remotely challenging the nature of what librarians accomplish while not being in their buildings and how libraries serve communities with their doors closed. While the initial move to remote work was forced, voices emerged that questioned why librarians couldn't work remotely for extended periods of time as part of their regular jobs. Librarians are uniquely positioned to move themselves to remote work while also maintaining connections to their patron base and their colleagues but where to start? Stepping outside the traditional library space librarians can carve out a space to work remotely while still retaining the ability to reach our patrons, provide access to quality programming, pave the way for libraries to share information, promote resources and even lead change in their communities. With times changing and our profession adapting so quickly this practical how to guide will help librarians set up an office space, set a routine and adapt, plan, create, implement, manage and evaluate their programs and services to the best of their ability in order to unleash their library's potential to engage and wow their patrons and communities. With worksheets and templates, anecdotes about what works easily and what might prove challenging, this book is ideal for today's librarian. *Remote Work Technology* Henry Kurkowski, 2021-09-08.
