## **Cosmic Ascension Your Cosmic Map Home:**

**Cosmic Ascension** Joshua David Stone, 1998-02-01 Almost all the books on the planet on the subject of ascension are written about planetary ascension. However, because of the extraordinary times in which we now live in terms of Earth's history, there is a new opening and potentiality to also begin one's cosmic ascension process. This has never before been available. It must be understood as Vywamus has said that in completing our planetary ascension, we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process. This includes most of the ascended masters. We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead or Father Mother God at the top of creation. Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation. This is not a criticism, just a statement of fact. The question is: What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension, which is no small feature in and of itself. Is it for the purpose that the author was guided to write his book *Creators and Friends* Robert Shapiro, 1998-02-01 Humans, creators in training, have a purpose and destiny so heartwarmingly profoundly glorious that it is almost unbelievable from our present dimensional perspective. Humans are great lightbeings from beyond this creation, gaining experience in dense physicality by slowing down the creative process in order to feel the results and consequences of their decisions and actions. This truth about the great human genetic experiment of the Explorer Race and the mechanics of creation is being revealed for the first time by Zoosh and his friends as humanity begins to awaken to its true nature. Zoosh and a great assortment of beings who have never spoken to the physical plane before, from particles to All That Is, speak vibrantly through superchannel Robert Shapiro. Each personality has its own knowing perception and expertise as it shares its history, its present focus, and the awesome truth about humanity's mission. The books read like adventure stories as we follow the clues from this creation we live in out to the Council of Creators and beyond. As we explore the greater reality beyond our planet, our galaxy, our dimension, our creation, we meet prototypes, designers, shapemakers, creators, creators of creators, and friends of our Creator who explain their roles in this creation and their experiences before and beyond this creation. As our awareness expands about the way creation works, our awareness of who we are expands and we realize that a part of ourselves is in that vast creation and that we are much greater and more magnificent than even science fiction had led us to believe. Join us in the adventure of discovery. It's mind stretching. **Numerology for the New Age** Lynn Buess, 1978 Our own vibrations and cyclical patterns are numerologically determined by our dates of birth and given names. By understanding these cycles, we can learn to more efficiently express our potential, human and divine. This volume concentrates more on the experiential value of numerology than the historical. Lynn Buess has come into national prominence since the success of his first book *The Tarot and Transformation*. His popularity as a speaker and instructor has taken him across the country many times to universities, churches, professional organizations, and New Age Centers of Light. He has

appeared on numerous television shows and on radio talk shows from coast to coast Although his work with Tarot and Numerology causes most people to associate him with symbolical studies Lynn spends most of his time today working with various alternative metaphysical healing methods Since his gift of healing awakened years ago he has demonstrated and taught numerous techniques of psycho spiritual healing He is also the author of Synergy Session R which teaches an entirely new system of multiple level wholistic counseling healing Along with his national tours he has taught courses on parapsychology healing Tarot meditation and self awareness at several colleges and one university within the University System of Georgia As a tireless worker Lynn is dedicated to bringing sincere seekers into a deeper awareness of the LIGHT within
