*The Quantum Karmic Calculator* Cristal Willkins,2024-11-07 In a near future world where quantum computing intersects with ancient karmic principles Dr Maya Karmacode unveils a groundbreaking invention the Quantum Karmic Calculator This revolutionary device promises to reveal your perfect romantic match based on the invisible threads of destiny But what happens when science unlocks the secrets of the soul Maya a brilliant physicist driven by a personal quest to decipher the enigma of love finds herself thrust into a world of unforeseen consequences Her creation triggers spontaneous past life regressions catapulting couples into vivid memories of forgotten loves and unexplored futures Suddenly a 17th century courtesan s yearning heart echoes in a modern artist and a dystopian future rebellion ignites a spark of activism in a seemingly ordinary couple As the lines between past present and future blur reality itself begins to unravel Joined by Dr Zen Soulcounter a charismatic metaphysical mathematician Maya must confront the implications of her creation Their investigation leads them to a hidden realm within the quantum field a realm of infinite possibilities where a powerful sentient force perceives their invention as a cosmic disruption As Maya and Zen delve deeper they uncover their own recurring connection across lifetimes a bond that becomes both their strength and their vulnerability Meanwhile other couples grapple with the revelations of the Calculator A pragmatic artist and a romantic novelist initially skeptical find their contrasting beliefs challenged by glimpses of a shared future And Maya s former mentor a staunchly scientific mind witnesses the impossible forcing him to question everything he thought he knew With the fabric of time fraying and the universe hanging in the balance Maya and Zen must race against a cosmic entity determined to maintain order even if it means sacrificing free will Can they harness the power of love to rewrite the equation of destiny Or will the universe unravel in a cascade of infinite possibilities *The Quantum Karmic Calculator A Love Equation Across Time* is a mind bending exploration of love fate and the infinite mysteries that lie within the human heart

*Ten Ways to Weave the World: Matter, Mind, and God, Volume 2* Ross Thompson,2023-01-25 In this sequel to *Outgrowing Materialism* Thompson explores five conceptual Worlds that preceded the dualist v materialist divide and shows why recent philosophy often little known outside of academic circles is now giving these old ideas a new relevance In an approachable way but without avoiding complexity Embodying Mind leads the reader through the Worlds of panpsychism idealism Aristotelianism emergence and information theory holism and process theology

examining the ideas of ethics and God and the difficult questions accompanying each Thompson concludes that causal processes harmonize as in a cosmic counterpoint The world and its beautiful contents form a seamless material whole It is not as if Mind or God glints obscurely through ever narrowing chinks in otherwise seamless nature There are no chinks but the whole is full of Mind Overall imperfectly things are moving towards their sustaining good God is becoming God surpassing God Embodying Mind can be read independently from Outgrowing Materialism but together the two volumes of Ten Ways to Weave the Word mount a robust wide ranging case that nobody interested in the science v religion debate or wishing more widely for an integrated understanding of Matter Mind and God can afford to ignore **Mystic Arcana**
