Cosmic Christ:

The Coming of the Cosmic Christ Matthew Fox, 1988-11-23 A comprehensive description of the transformation of Christianity by the bestselling theologian who has defined this spiritual renaissance Christ over All Things James P. Crockett, 2024-11-01 Colossians and Ephesians present some of the highest statements of Christology in the New Testament How is it that Christ came to be conceived not only as the Savior of humanity but also as the divine Lord over the whole cosmos While previous scholars have looked to Wisdom traditions and Greco Roman cosmology to provide background for the Christology of Colossians and Ephesians James Crockett demonstrates that Jewish royal ideology provides the key conceptual background through which the Christology of these letters was formed Crockett begins by demonstrating how Jewish literature reveals God's intent to enact his rule over creation through his enthroned king a plan which begins with Adam and continues with the promise of the ideal Davidic king Crockett then shows how Paul utilizes and expands upon Jewish royal ideological themes to portray Christ as the supreme cosmic king through whom God reestablishes cosmic harmony **The Cosmic Christ in Origen and Teilhard de Chardin** James A. Lyons, 1982 *The Cosmic Christ* Hans-Werner Schroeder, 1997 The question of the cosmic reality of Christ is central to modern Christian awareness We see lively debate about Christ's nature in relation to the earth and creation not only within the Church itself but also in more speculative areas of thinking and feeling such as creation spirituality and the New Age movement The works of Teilhard de Chardin and Fritjof Capra have stimulated many to think spiritually about the created world and the part of humankind in its evolution These issues were also illuminated by Rudolf Steiner in his Christology which placed the Incarnation at a pivotal point of earthly evolution Exploring the work of the cosmic Christ Schroeder draws upon these sources and clarifies the concepts of reality evil and the meaning of cosmic He summarizes the cosmic dimension of Christ in the New Testament and the developing consciousness of humans in relation to the Logos and examines how we are to engage personally in a natural but deeply conscious relationship with the Christ among us Hans Werner Schroeder born in 1931 is a priest of the Christian Community He teaches at the seminary in Stuttgart and is part of the leadership of this movement for religious renewal **The Cosmic Christ** George A. Maloney, 1968 **Earthing the Cosmic Christ of Ephesians, Volume 1** John P. Keenan, 2021-07-28 This is the introductory volume of a multivolume verse by verse interfaith rereading of the New Testament letter to the Ephesians It looks to the Tiantai Buddhist master Zhiyi and his threefold truth to enhance our appreciation of nascent trinitarian themes in Ephesians And it draws upon a broad array of scientific theological and philosophical thinkers in aid of rejecting the epistle's ancient geocentric cosmology and its accommodations to the misogynistic patriarchal and slaveholding norms of its first century surroundings As a whole the work constitutes a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons **Contemporary Catholic Theology** Michael A. Hayes, Liam Gearon, 1999-03-01 The contents of this volume offer the reader a broad insight into Catholic theology Established as an

Envisioning the Cosmic Body of Christ Aurica Jax, Saskia Wendel, 2019-08-19 The metaphor of the cosmos as the Body of Christ offers an opportunity to escape the aporias of standard Body of Christ imagery which has often proved anthropocentric exclusivist triumphalist and or sexist in the analyses of classical theologies The body motif in particular contains starting points for current body discourses of gender sensitive and ecological theologies especially in their mutual overlaps This book offers a critical evaluation of the prospects and boundaries of an updated metaphor of the Body of Christ especially in its cosmic dimension The first part of the book addresses the complex tradition in which the universal dimension of cosmological Christologies is located including the thinking of the Apostles Paul and John Origen Cusanus Teilhard de Chardin McFague and Panikkar In the second part of the book representatives of various innovative concepts will contribute to the anthology This is a wide ranging study of the implications of a new cosmic Body of Christ As such it will be of interest to academics working in Religion and Gender Religion and the Environment Theology and Christology

Cosmic Jesus J. E. Brandenburg, 2014-01-21 Physicist Brandenburg gives us an explanation of the Cosmic Jesus and the metaphysics of the Bible and what it says about the cosmos Brandenburg reveals the relationship between GEM theory Gravity Electricity Magnetism and Gematria the importance of Israel being on the Silk Road the Aquarian Nazareth The Genesis Catastrophe The Revelation introduced the idea of a One God of Law who was master of all Physics and the Cosmos and lots more Brandenburg discusses the Greek philosopher Aristarchus of Samos 200 BC his work on the modern structure of the cosmos and his influence on the Biblical Paul who also had a companion named Aristarchus as well as how the Bible appears to contain a sophisticated mathematical allegory centered around Jesus and the 5th dimension of Kaluza Klein and GEM theory that runs through millennia where Jesus is the repairer of the effects of the collapse of the fifth dimension to subatomic size Brandenburg tells us how we must necessitate human contact and travel to the stars and establish trade in ideas and merchandise with those who dwell there We must be proactive in this and not wait for others to come here we must make every effort to go to them

Irenaeus on Creation Matthew Craig Steenberg, 2008 Drawing on current scholarship and exhaustive textual study this volume offers a detailed exploration of creationa of the cosmos and humanity in the thought of the second century Irenaeus of Lyons connecting it to themes of trinity image progress and perfection

From the Historical Jesus to the Cosmic Christ: A Paradigm Shift of Consciousness Rev Lisa Potter, 2018-11-15

Reverend Potter holds that there is a great esoteric knowledge hidden in the Christian Gospel in the life and teachings of Jesus Christ about the evolution of the human race and its ultimate goal. This esoteric knowledge is also found in ancient cultures of Egypt, Mesopotamia, Persia, India, Greece, and Rome. Here can be found the belief of a pre-existent archetypal Cosmic Christ or God Person, Jesus being a recipient of this knowledge achieved in his lifetime for humanity, a New state of being, a New humanity to which we are all heirs. Teilhard de Chardin referred to this new state of being as Christ's third nature, meaning that his human and divine natures transcended into a third realm that is neither human nor divine but cosmic. Chardin refers to this process of transformation as the Christification, Divinization of humanity. Reverend Potter believes that the ultimate goal of humanity is to birth this Cosmic Christ or God Person, this Kingdom of God within all, as Jesus refers to it. This Cosmic birth is a shift from terrestrial life to universal life where humanity realizes its Oneness with all creation. This new Cosmic birth, this Kingdom of God within, achieved by Jesus Christ to which we are all heirs, as he foretold, is the Principle of the Godhead active in history and can be seen working in and through the Israelite people and speaking through the great Biblical patriarchs and prophets. This principle of the Godhead can be seen moving in and through all the great religions of the world in every age. Buddhists refer to it as becoming the Bodhisattva or becoming the Buddha. The Yoga and Vedanta traditions of Hinduism refer to it as Self-realization or God-realization. Sufism of the Islamic tradition refers to it as becoming an adept or master on the path by finding the inner Way. Jewish Kabbalah refers to it as achieving personal development and Self-realization based on the Tree of Life Map of consciousness. Primordial people referred to it as all my relations. In the New Testament, Paul speaks of this as the Mystical Body of Christ. This Body embraces the whole of Creation and is the Body of a true, realized, and awakened humanity, as foretold in the Book of Revelation, the book that closes out the Bible. The world, including Christians, has yet to understand the fullness of Jesus Christ's revelation for humanity. This book is an attempt to understand more fully the meaning and purpose of his revelation for the human race while looking at the revelations of other world religions and sacred teachings. We live in a time when the earth itself and all its creatures are in peril because of humanity's disregard for or lack of understanding of the cosmic laws that govern the universe. The most fundamental question for Christians and people in general today is what happened to the body of Jesus after his crucifixion. Did Jesus die a physical death or was his physical body transformed into another cosmic state, a state that he declared is the goal for the human race.

The Cosmic Christ and the Concrete Jesus Kevin Sweeney, 2025-05-06. In this book, Kevin wants you to see how the power of the Big Bang and the presence of the boundary-breaking Jesus are the same, that the universal Source of love and the Substance of liberation are One, and that the God who has no edges also takes sides in situations of justice.

Symbols of Jesus Robert C. Neville, 2001. *Symbols of Jesus* is a systematic theology focusing on what makes Jesus important in Christianity.

Creation Spirituality: A Theology Rev. Dr. Richard E. Kuykendall, 2023-12-12. A Systemic Theology sounds like a work that will close debate, shut down questions, and attempt to sit conclusively on a shelf. In this novel

undertaking the author has borrowed that classical form and danced around it with a wonderfully accessible exploration of Creation Spirituality Kuykendall's tone is personal and invitingly conversational and will lead the reader to want to further explore to read broadly and of course true to the Creation Spirituality tradition get oneself off the bookshelves and into the messy inspiring and beautiful gift that is existence With scholarship and storytelling the author entices Christians familiar with restrictive theological categories the chance to recognize the authenticity of the Creation Spirituality tradition and to embrace a spiritual life that is vibrantly here now and this worldly To those new or familiar with the tradition Kuykendall's Systematic Theology excels as both a primer and reference companion Matthew Henry **The Cosmic Christ** Violet Tweeddale, 1930 *The Encyclopedia of Christianity, Vol. 5* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth *Stations of the Cosmic Christ - Prayer Cards* Bishop Marc Andrus, Matthew Fox, 2016-03 The cards in this deck represent the Stations of the Cosmic Christ a series of images that enable us to journey spiritually into the Divine within us and through the energies of the Divine that are woven into the very fabric of the universe These cards can assist us in meditating on the Christ within us and discovering that presence within our own lives

HOW TO USE THE CARDS

1 To use the cards in a personal pilgrimage slowly proceed from one card to another in an unfolding sequence of sixteen stations including cosmic moments named in the unfolding of the events of the Cosmic Christ beginning with the Great Flaring Forth and interspersed with the I Am statements The I Am statements ask the question of your Self How am I a vine A door A good shepherd etc The Cosmic Events challenge you to participate in the birth of the Christ within yourself in the baptism and retreat in the desert in the Transfiguration the Crucifixion the Resurrection etc The art works are meant to assist you in your practice

2 A second practice is to separate the moments and events of the Cosmic Christ from the I Am statements In that practice proceed in two sessions In the first treat the events up through the Pentecost of the Spirit of Christ then move through the cards representing the I Am statements Invite the image saying or experience into your heart The book that accompanies these cards offers two meditations on each of the stations as well as prayers you might want to respond with At the same time you are invited to create your own prayers You could undertake these pilgrimages in one session or you could attend to one card a day or one card per week find the rhythm that best suits you

3 A second set of cards included here are called the Mandala of Christ In using them we recommend that you first determine a central question alive in your life at the moment Next choose one of the cards to be at the center of the mandala the card that seems most resonant with you and your prayer question Then draw seen or unseen four cards to array around the central card accepting the cards you draw as part of the givenness of the moment expressive of the divine energies and of God's love for you The resulting mandala is an image for meditation and guidance It is our hope that these practices will nurture your spiritual growth by connecting you in ever deeper ways to the Cosmic Christ Buddha Nature

Image of God that is inherent in all individual beings and in the universe itself Such an approach to the world grounds us in a genuine eco practice one that awakens our sense of the Sacred in all of creation and prepares us to love Mother Earth more deeply and defend her more courageously More about this practice and the Scripture and teachings behind it can be found in our book *The Stations of the Cosmic Christ* along with commentaries by the artists who created the clay tablets that are reproduced on the front of these cards Matthew Fox's book *The Coming of the Cosmic Christ* provides a further resource for understanding the basic archetype A list of the Stations follows along with a question with each to provoke meditation Bishop Marc Andrus and Matthew Fox *Unmasking the Pagan Christ* Stanley E. Porter, Stephen J. Bedard, 2006 Rabbi or Messiah Prophet or the Son of God People have debated the identity of Jesus of Nazareth since the first century But what if there was no Jesus What if there was no Mary or Joseph no twelve apostles What if the story of Jesus was no more than a myth to convey spiritual truth These claims have been around for hundreds of years and have become more prominent with well known religion columnist Tom Harpur's recent book *The Pagan Christ* Harpur claims that Jesus was not a historical figure but was one version of an ancient myth that can be traced from ancient Egyptian religion to the Roman mystery cults Stanley Porter and Stephen Bedard tackle this radical claim by looking at the roots of the pagan Christ idea examining the supposed pagan parallels and presenting the evidence for the historical Jesus The authors demonstrate that the suggestion of pagan origins for the Gospel story is not based on historical or textual evidence but rather on a desire to create a universalistic spirituality revolving around a Cosmic Christ within each person A fair examination of both the mythological and biblical texts reveal that the traditional understanding of an actual historical figure known as Jesus of Nazareth appearing two thousand years ago is indeed the only logical conclusion Stanley E Porter is President and Dean and Professor of New Testament at McMaster Divinity College Hamilton Ontario Canada Porter has M A degrees from Claremont Graduate School and Trinity Evangelical Divinity School and the Ph D from the University of Sheffield He has written widely on issues of concern in study of the New Testament such as Jesus Paul the book of Acts and John He has a passion for education in the church and preaches and teaches regularly Stephen J Bedard is the pastor of Woodford Baptist Church and First Baptist Church Meaford Ontario Canada He holds the M Div and M Th degrees from McMaster Divinity College and is actively engaged in further graduate study Bedard is an advocate of informed preaching and teaching and is devoted to the ministry of the local church *The Cosmic Christ* Ladislaus Boros, 1975-01-01 The contemplation of the mystery of Jesus in the context of eternity The news of a living God **Global Dictionary of Theology** William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no *Global Dictionary of Theology* a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The *Global Dictionary of Theology* is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic

between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree. The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A. Dyrness, Veli-Matti Kärkkäinen, Juan F. Martínez, and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students, and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry. Here is a new launching point for doing theology in today's global context.
