**Cosmology Revealed: Living Inside the Cosmic Egg** Anthony Fairall, 2001-01-25 This book presents a clear explanation of the nature of the universe including a special color feature incorporated in the book that offers three dimensional views of the surrounding universe to ever greater depths It assumes no prior knowledge of astronomy or cosmology and will attract general readers and beginning amateur astronomers It provides much more on large scale structures than other popular level cosmology books The mix of cosmology large scale structures anthropic principle and perspectives on the universe is unique

**Metaphysics** Peter van Inwagen, 2018-05-04 With thoughtful and engaging prose noted scholar Peter van Inwagen provides a comprehensive introduction to metaphysics in this essential text Metaphysics covers the gamut of historical and contemporary arguments of metaphysics engaging readers through three profound questions What are the most general features of the world Why is there a world and what is the place of human beings in the world The thoroughly revised fourth edition includes an updated and rewritten chapter on temporality and significant improvements to the clarity and accessibility of the language making it an even more valuable text for undergraduate students Metaphysics remains the quintessential book in this field of study and a fascinating book for a wide range of readers from those new to the subject to the most sophisticated philosophers

*The Universe Revealed* Pam Spence, 1999 The Universe Revealed gives you the background for understanding the latest breakthroughs in our discovery of the planets galaxies and the universe The emphasis is on clear straightforward and visual explanations of concepts and theories that often seem bewildering Join leading scientists and science writers the people who have helped to shape current knowledge and thinking and explore the universe beginning with our sun and Solar System reaching out into deepest space How was our Solar System formed What do we know about our nearest planetary neighbours in space What is the current thinking on the size of the universe What is the future of universe A unique color coded cross referencing system takes you from one topic to another to reveal the many connections Key facts are easy to locate Spectacular illustrations many from recent space missions leap off every page

**The Jewish Apocalyptic Tradition and the Shaping of New Testament Thought** Benjamin E. Reynolds, Loren T. Stuckenbruck, 2017-04-01 The contemporary study of Jewish apocalypticism today recognizes the wealth and diversity of ancient traditions concerned with the unveiling of heavenly matters understood to involve revealed wisdom the revealed resolution of time and revealed cosmology in marked contrast to an earlier focus on eschatology as such The shift in focus has had a more direct impact on the study of ancient pseudepigraphic literature however than in New Testament studies where the narrower focus on eschatological expectation remains dominant In this Companion an international team of scholars draws out the implications of the newest scholarship for the variety of New Testament writings Each entry presses the boundaries of current discussion regarding the nature of apocalypticism in application to a particular New Testament author The cumulative effect is to reveal as never before early Christianity its
