Cosmopolitanism in the Americas Camilla Fojas, 2005 In an analysis based in a sophisticated use of critical theory Fojas Latin American and Latino studies DePaul U Chicago engages a selection of modernist Latin American writers of the early 20th century as examples of cosmopolitanism a notion here interpreted as a worldly modernity The writings of Enrique Gomez Carrillo Aurelia Castillo de Gonzalez who wrote about the Chicago World s Fair Jose Enrique Rodo and the Venezuelan journal Cosmopolis are discussed in the context of other writers in Latin America Europe and the United States and in terms of their expression of determinedly non mainstream values lifestyles and ideas Annotation 2004 Book News Inc Portland OR booknews com

Racial Discourse and Cosmopolitanism in Twentieth-Century African American Writing Tania Friedel, 2010-06-21 This book engages cosmopolitanism a critical mode which moves beyond cultural pluralism by simultaneously privileging difference and commonality in order to examine its particular deployment in the work of several African American writers Deeply influenced and inspired by W E B Du Bois the writers closely examined in this study Jean Toomer Jessie Fauset Langston Hughes and Albert Murray have advanced cosmopolitanism to meet its own theoretical principals in the contested arena of racial discourse while remaining integral figures in a larger tradition of cosmopolitan thought Rather than become mired in fixed categorical distinctions their cosmopolitan perspective values the pluralist belief in the distinctiveness of different cultural groups while allowing for the possibility of inter ethnic subjectivities intercultural affiliations and change in any given mode of identification This study advances cosmopolitanism as a useful model for like minded critics and intellectuals today who struggle with contemporary debates regarding multiculturalism and universalism in a rapidly yet unevenly globalizing world

Cosmopolitanisms and Latin America J. Loss, 2019-06-12 This book examines Latin America s history of engagement with cosmopolitanisms as a manner of asserting a genealogy that links cultural critique in Latin America and the United States Cosmopolitanism is crucial to any discussion of Latin America and Latin Americanism as a discipline Reinaldo Arenas and Diamela Eltit become nodal points to discuss a wide range of issues that include the pedagogical dimensions of the DVD commentary track the challenges of the Internet to canonization and links between ethical practices of Benetton and the U S academy These authors whose rejection of the comfort of regimented constituencies results in their writing being perceived as raw vindictive and even alienating are ripe for critique What they say about their relation to place with regard to their products national and international viability is central The book performs what it theorizes It travels between methodologies hence bridging the divide between cosmopolitanism and that alleged common space of Latin American identity as per the colonial experience illustrating cosmopolitanism as a mediating operation that is crucial to any discussion of Latin America and of Latin Americanism as a discipline

Cosmopolitanism and the Age of School Reform Thomas S. Popkewitz, 2012-10-02 In *Cosmopolitanism and the Age of School Reform* noted educationalist Thomas Popkewitz explores turn of the century and contemporary pedagogical reforms while illuminating their complex relation to cosmopolitanism Popkewitz highlights how policies that include all children and leave no child behind are rooted in a philosophy of cosmopolitanism not just in salvation themes of human agency freedom and empowerment but also in the processes of abjection and the differentiation of the disadvantaged urban and child left behind as Other *Voices of Cosmopolitanism in Early American Writing and Culture* Chiara

Cillerai, 2017-10-04 This book argues that cosmopolitanism was a feature of early American discourses of nation formation and eighteenth century colonialism With the analysis of writings by Thomas Jefferson Benjamin Franklin Elizabeth Graeme Fergusson Philip Mazzei and Olaudah Equiano the book reassesses the terms in which we understand cosmopolitanism its relationship with local and transatlantic environments and the way these representative writers from different segments of colonial society identified themselves and America within the transatlantic context The book shows that the transnational and universalist appeal of the cosmopolitan not only accompanies empire building and defines a narrative that aligns the cosmopolitan perspective of global understanding and cooperation with western political ideology The language of the cosmopolitan also forms the basis of a rhetoric that resists imperial expansion and allows writers in a variety of cultural social and political margins to find a voice to identify themselves America and the transatlantic world they imagine
