## **Counselling Skills For Church And Faith Community Workers:**

Counselling Skills for Church and Faith Community Workers Alistair Ross, 2003-07-16 This book provides an integrative model of counselling skills that can be used in the pastoral context found in church or faith communities but may also be of value in many other contexts which recognize the spiritual dimension of people's lives. This creative model draws insights from psychodynamic person-centred and narrative approaches to counselling. Part One focuses on the key tasks, skills and relational qualities that combine to make a good pastoral carer or counsellor. Part Two covers three key areas of specific concern in church and faith community contexts: conflicts with beliefs and values, conflicts of power and sexuality, and conflicts with guilt, shame and forgiveness. The pastoral carer who reads this book will be better equipped to continue the vital role which they play in the life of church or faith communities.

Pastoral Counseling for Orphans and Vulnerable Children Tuntufye Anangisye Mwenisongole, Elia Shabani Mligo, 2018-04-27 The existence of orphans is as inevitable to most African cities and the world as it is death. These orphans are caused by the death of one or both parents due to various reasons including the scourge of HIV and AIDS. Being orphans, most of them are vulnerable to difficult lives because they have nobody to fend for them and take care of their lives. They lack adequate food, living expenses, school fees and care since their current guardians are also in adverse economic situations. In such situations, orphans end up living a life of hopelessness and trauma which makes them deeply remember their dead parents and the care they received from them before death. Following the vulnerable situation of most orphans, this book through a study done in the Tanzanian context challenges churches to extend their counseling and caring ministries to Orphans and Vulnerable Children (OVC). It purports that the use of narrative approach is the most effective way to enter into the world of vulnerable children in order to provide pastoral counseling to them. This approach helps pastoral counselors to use life stories, proverbs, biblical narratives, plays, arts, songs, riddles, poems, symbols and images as healing and coping mechanisms for OVC. Therefore, this book is helpful not only to churches and their ministry to orphans and vulnerable children but also to those who care for orphans in their homes. Moreover, it will be helpful to children who live in adverse conditions worldwide to find ways to cope with their situations through the stories of children used inside this book.
