N. Middleton,2005-11-03 2005 marks the fiftieth anniversary of Nikos Kazantzakis *The Last Temptation of Christ* Since Kazantzakis ranks as one of the twentieth century s most important European writers and given that this particular work of his has garnered so much publicity this collection of essays re assesses the novel though not forgetting the movie in light of one half century s worth of criticism and reception history Clergy and laity alike have denounced this novel When it first appeared the Greek Orthodox Church condemned it the Vatican placed it on its Index of Forbidden Texts and conservative evangelicals around the world protested its allegedly blasphemous portrayal of a human struggling Messiah who succumbs to the devil s final snare while on the Cross the temptation to happiness Assuredly the sentiments surrounding this novel at least in the first thirty years or so were very strong When Martin Scorsese decided in the early 1980s to adapt the novel for the silver screen even stronger feelings were expressed Even today his works are seldom studied in Greece largely because the Greek government is unable or unwilling to anthologize his material for the national curriculum After fifty years however the time seems right to re examine the novel the man and the film locating Kazantzakis and his work within an important debate about the relationship between religion and art literary and cinematic Until now a book length assessment of Kazantzakis novel and the film it inspired has not appeared No such volume is planned to commemorate the fiftieth anniversary of the novel s publication For those who work in Kazantzakis studies a focused anthology like this one is missing from library collections The volume contains original essays by Martin Scorsese the film critic Peter Chattaway and Kazantzakis translator Peter A Bien The Christ who Embraces Jacob Joseph,2024-10-28 Jacob Joseph s book *The Christ who Embraces* An Orthodox Theology of Margins explores the intersection of Orthodox Christian mission and caste dynamics among St Thomas Syrian Orthodox Christians in India It defines a liturgical touch or embrace in the context of untouchability where people identify as equal without discrimination reflecting the inseparable unity of Christ s transcendental divine and immanent human nature The Secret Doctrine of the Kabbalah Leonora Leet,1999-08 *The Secret Doctrine of the Kabbalah* resurrects this ancient body of knowledge to reveal eternal truths that profoundly impact contemporary spirituality Experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the cosmological diagram of the entire Western esoteric tradition the kabbalistic Tree of Life **Religion & the Order of Nature** Seyyed Hossein Nasr,1996 The current ecological crisis is a matter of urgent global concern with solutions being sought on many fronts In this book Seyyed

Hossein Nasr argues that the devastation of our world has been exacerbated if not actually caused by the reductionist view of nature that has been advanced by modern secular science. What is needed, he believes, is the recovery of the truth to which the great enduring religions all attest, namely that nature is sacred. Nasr traces the historical process through which Western civilization moved away from the idea of nature as sacred and embraced a world view which sees humans as alienated from nature and nature itself as a machine to be dominated and manipulated by humans. His goal is to negate the totalitarian claims of modern science and to re-open the way to the religious view of the order of nature developed over centuries in the cosmologies and sacred sciences of the great traditions. Each tradition Nasr shows has a wealth of knowledge and experience concerning the order of nature. The resuscitation of this knowledge, he argues, would allow religions all over the globe to enrich each other and cooperate to heal the wounds inflicted upon the Earth.

It traces the central themes of his prolific writings on religious and mystical topics. **Reaching a New Generation** Alan J. Roxburgh, 1993. Our world has changed dramatically in the past quarter century. People are losing faith in technology. Our society has lost consensus and is dividing into competing tribes. There are new realities and new values. We are passing into an unprecedented situation with few familiar landmarks to guide us. In *Reaching a New Generation*, a working pastor and professor innovatively responds to our changed North American society itself now a vast mission field. Above all, Alan Roxburgh thinks people today yearn for community, want to save the earth from ecological destruction and thirst for an experience of spiritual reality. Rather than simply condemning these new values, Roxburgh calls the church to respond with Christian community, Christian ecology, and Christian spirituality. This fresh and powerful book shows what our new world is like and how the gospel is yet again relevant and redemptive.
