COSMOS & TRANSCENDENCE

Breaking Through the Barrier
of Scientistic Belief

WOLFGANG SMITH

Cosmos And Transcendence

Joakim Sigvardson

Cosmos And Transcendence:

   Cosmos and Transcendence Wolfgang Smith,2021-11-10 The book has a twofold content and aim on the one hand it offers a radical critique of the modern world and on the other it seeks to expound a timeless wisdom And the second end presupposes the first for so long as we have not broken through the barrier of scientistic belief as the subtitle has it that timeless wisdom that veritable sophia perennis remains inaccessible And with its incisive expository and critique of a veritable rogues gallery of modern thinkers Cosmos and Transcendence is foundational to the reclamation of the intellectual high ground in the ideological war being waged against our reason and humanity by the deadly goliath of Scientism

   Cosmos and Transcendence Wolfgang Smith,2008-04 With elegance and clarity Wolfgang Smith leads the reader step by step to the realization that the specifically modern world is based intellectually not indeed upon scientific facts but ultimately on nothing more substantial than a syndrome of Promethean myths And this opening enables him to recover and reaffirm the deep metaphysical insights that have come down to us through the teachings of Christianity having broken the grip of scientistic presuppositions the author succeeds in bringing to view universal truths which had long been obscured

   Rediscovering the Integral Cosmos Jean Borella,Wolfgang Smith,2018-11-14 When a physicist who becomes a metaphysician and a metaphysician who studies physics join together to examine science quantum physics and cosmogenesis in particular explosive results might well be expected Here Wolfgang Smith and Jean Borella return us to a Weltanschauung that can finally account for the world in all its dimensions   MIND, SELF, AND SPIRIT: ADVANCES IN TRANSPERSONAL AND SPIRITUAL PSYCHOLOGY Dr. M. Mirunalini,Prof. (Dr.) Lubhawani Tripathi,Dr. Pranay Pandey,Dr. Adrija Chattopadhyay,2025-11-11 Mind Self and Spirit Advances in Transpersonal and Spiritual Psychology arises from the growing need to understand human consciousness beyond reductionist and mechanistic explanations In an era dominated by material progress and technological achievement there is a parallel awakening toward the inner dimensions of life the realms of awareness meaning and spiritual realization This book seeks to explore these deeper aspects of existence presenting an integrative approach that unites psychology philosophy and spirituality in the pursuit of understanding the whole human being   **Immanence and Transcendence in Thomas Pynchon's Mason & Dixon** Joakim Sigvardson,2002   **Rhythm and Intent** Fred W. Clothey,1983 With reference to Skanda Sa hi celebration and reenactment of the destruction of malevolence by Murugan Hindu deity and Pa kun i Uttiram reenactment of Murugan s marriage   김영사 편집,1996   **The Invisible Source of Authority** David Walsh,2025-07-15 The Invisible Source of Authority is a philosophical meditation on the secular age and challenges the notion that the secular can be understood without reference to God How does one reject God while denying belief This is the central paradox of our secular age where efforts to erase God only affirm his presence In The Invisible Source of Authority David Walsh examines this paradox and argues that a secular world actually reveals God more clearly rather than bringing about what has been called the death of God Unlike many critics of modernity Walsh

argues that secularism is not inhospitable to authentic religious faith and cannot be understood without reference to God Drawing on the writings of early modern thinkers like Montaigne Descartes and Grotius Walsh asserts that God s absence from the secular world is testimony to God s transcendence Because the secular is always that which has withdrawn from serving God Walsh suggests that this presupposition proves that God remains indispensable to the self understanding of secular society The Invisible Source of Authority seeks to remind us that despite his seeming absence the transcendent God remains an essential presence **Relating to God** , Dan Merkur,2013-11-21 In Relating to God Clinical Psychoanalysis Spirituality and Theism Dan Merkur conceptualizes religious discourse within psychoanalysis He proposes that God be treated as a transferential figure whose analysis leads to a reduction of the parental content that is projected onto God Merkur notes that religious conversion experiences regularly involve theological intuitions that are either rational or owing to morbid complications have undergone displacement into irrational symbolism Analysis renders the religiosity more wholesome Traditionally psychoanalytic thought has been dismissive of religion Freud is on record however as having called psychoanalysis a neutral procedure He argued that religion with its dependency on a providential God who punishes disobedience imagines spirituality on the model of human parents and fails to approach spirituality in an appropriately scientific manner He wrote little of spiritual phenomena but mentioned both the rationality of the universe and the parapsychological occurrence of thought transference Occasionally later psychoanalysts used different language in order to contrast wholesome and morbid forms of religion Erich Fromm distinguished authoritarian and humanistic religions while D W Winnicott condemned fetishistic behavior while approving of playful illusions that require belief in These formulations constructed a middle position for clinicians neither categorically opposed to religion as classical psychoanalysis was nor do they embrace cultural relativity as spiritually oriented psychotherapists are currently advocating What sorts of spiritual practices does psychoanalysis find unobjectionable As examples of humanistic religion Fromm named Zen Buddhism Buddhist mindfulness meditation and the via negativa or way of negating that some Christian and Jewish mystics have followed Because the Bible based approaches are little known Merkur discusses their histories procedures and psychoanalytic understanding **The Way of Humanism, East and West** Radhakamal Mukerjee,1968 **Emergent Freedom** James W. Haag,2008 Emergentism as a metaphysical option between Reductive Physicalism and Substance Dualism provides a space for free will to be both experientially balanced and evidentially accurate By expanding notions of causation and adopting a process ontology Emergentism revaluates age old commitments to human free will With Emergentism James W Haag believes Philip Hefner s model of human being the created co creator to be a valuable place to look for dialogue Hefner s claim that the created co creator is simultaneously constrained and free fits securely with Dynamic Theological Naturalism and its acceptance of Emergentism *The Dimensions of Humanism* D. R. Jatava,1970 **The Dimensions of Values, a Unified Theory** Radhakamal Mukerjee,1964 **Ārya** ,1915 <u>Facing Up to Mortality</u> Daniel

Liechty,2021-10-21 Exploring a new approach to interfaith interreligious communication the contributors to this collection seek to interact from the perspective of their own tradition or academic discipline with Ernest Becker s theory on the relationship between religion culture and the human awareness of death and mortality While much interfaith interreligious dialogue focuses on beliefs and practices thus delineating areas of disagreement as a starting point these chapters foster interactive communication rooted in areas of the universal human experience Thus by demonstration these authors argue for the integrity and efficacy of this approach for pursuing intercultural and interdisciplinary communication **Song of the Cosmos** Arthur Versluis,1991 Jesus the Christ and Religious Pluralism Joseph Pandiappallil,2001 How can Christians respectfully enter ecumenical dialogue while remaining true to their belief in the supremacy of Jesus Christ Joseph Pandiappallil draws upon the transcendental Christology of Karl Rahner to offer us a way to engage our brothers and sisters of other faiths in meaningful and fruitful conversation The relevance of the author s conclusions in relation to Christology ecumenical and interreligious dialogue and theology is presented in the context of cultural and religious pluralism *The Philosophy of Personality* Radhakamal Mukerjee,1963 *The Beginnings of Christianity* Paul Wernle,1904 The Great Humanist Ramaswami Venkataraman Attar Chand,1987 Writing on Ramaswami Venkataraman is a matter of pleasure and upliftment He is a man who has been serving a great cause the removal of poverty from India An able parliamentarian a patient listener and a conversationalist with a sense of humour and above all a great humanist Venkataraman has all the makings of a man who deserves the highest office the nation can offer for his outstanding contributioins to the freedom struggle and post independence economic reconstruction of India Mr Attar Chand is writer with scientific outlook and much of his present volume is couched in academic pursuit He has flashed of creative writing which are impressive and his analysis of Venkataraman s humanistic outlook his love for the poor is particularly remarkable Mr Attar Chand s study of Venkataraman is well documented and researched and is of value to all in India and abroad The evolution of Venkataraman s socio economic cultural artistic and political ideas is traced and followed cogently with refernce to the various influences to which he was subject Despite the criticism and counter criticism Venkataraman emerges a practical idealist above all a great humanist who made a significant contribution to modern India The book deserves wide circulation
