### **Count Us In Growing Up With Down Syndrome:**

Count Us In Jason Kingsley, Mitchell Levitz, 1994-01-12 Award winner Hearing about Down syndrome directly from these young men has a good deal more impact than reading any guide from a professional Booklist This book is in Mitchell and Jason's own words We wanted readers to have a true to life sense of their charm their directness their humor and warmth and yes their intelligence At ages nineteen and twenty two respectively Jason Kingsley and Mitchell Levitz shared their innermost thoughts feelings hopes dreams and their experiences growing up with Down syndrome Their frank discussion of what mattered most in their lives careers friendships school sex marriage finances politics and independence earned Count Us In numerous national awards including the EDI Award from the National Easter Seal Society More important their wit intelligence candor and charm made for a powerful and inspirational statement about the full potential of people with developmental disabilities challenging prevailing stereotypes In this edition with a new afterword the authors also discuss their lives since then milestones and challenges and changes both expected and unexpected Their parents were told to expect nothing But Jason Kingsley and Mitchell Levitz were lucky because their parents didn't listen They gave their sons that chance to show how far they could go and they've astounded everyone Jane Pauley This single volume will do more to change stereotypes about Down syndrome than any book I have read These two young men steal our hearts and wash away generations of misconceptions Mary L Coleman MD Emeritus Georgetown University An excellent illustration of what it's like to have Down syndrome Most moving here are the portrayals of strong family relationships Publishers Weekly Will open eyes and touch the heart Library Journal

Pueschel, 2006 From the author of *A Parents Guide to Down Syndrome and Adolescents with Down Syndrome* a essential new book on adulthood      *Down Syndrome Across the Life Span* Monica Cuskelly, 2002 This book promotes a positive message for people with Down syndrome across the world Living with Down Syndrome is a positive experience for the majority of children and adults with Down syndrome and for their families Of course there are difficulties to be faced but quality of life from infancy to old age is determined more by the quality of healthcare education and social inclusion offered to individuals than by the developmental difficulties that are associated with Down syndrome The aim of this book is to bring the latest information on research and good practice to families practitioners and policy makers in order improve the services available to individuals with Down syndrome in all countries      *The Disability Studies Reader* Lennard J. Davis, 2006 The second edition of *The Disability Studies Reader* builds and improves upon the classic first edition which has sold well over 6000 copies since 1999 As a field disability studies burst onto the scene across the social sciences and humanities in the 1990s and the first edition of the reader gathered the best work that had been written on the subject including essays by famous authors such as Susan Sontag and Erving Goffman The new edition is more global in its coverage and adds material on genetic testing the human genome queer studies and issues in developing countries The size of the audience has grown since the first edition s publication and the second edition s new material will make it even more useful for courses on the subject Courses on the subject have mushroomed in the past ten years and can now be found across the social sciences humanities and behavioral sciences      **Cassette Books** Library of Congress.  Kujawa-Holbrook, Karen Brown Montagno, 2009 Pastoral care is often focused on individual problems but much of what harms  
 and impedes us stems from the larger social maladies at work in our lives This unprecedented gathering of two dozen  
 essays discusses the realities of racism sexism heterosexism ageism ableism and classism prevalent within the church and  
 society in an effort to broaden and inform pastoral caregivers with the knowledge and the skills needed to respond effectively  
 to oppressed and marginalized persons The volumes also help pastors to reflect on the ways their own social location has an  
 impact on their ministries and to gain familiarity with resources available to support pastoral caregivers in a variety of
