Communicating the Gospel God's Way Charles H. Kraft, 1980 Discusses the impact of communicating effectively

Four Careers Charles H. Kraft, 2019-10-23 While in high school Chuck felt God's call to be a field missionary in Africa expecting to spend his life there But God only allowed him three years in the bush He had other things in mind for him These years working cross culturally laid a solid foundation for his future accomplishments Through a series of unplanned events God made him a teacher of missionaries and a missiologist teaching and writing to improve missionary principles and practices In this book Kraft reflects on how he was shaped as a missiologist and why how he felt the need for writing his many books and articles Culture positive is the term he has coined for his approach It's an approach that honors a people's way of life and helps them to express their faith in Christ within that way of life without converting to another culture He taught that God loves and accepts them as they are plus faith and seeks to work with them to develop their own Christianity based on their own understanding of Scripture Chuck sees a missionary as a coach not as a director This approach has shown its effectiveness both among the people Chuck worked with the Kamwe of northern Nigeria and in the field ministries of his students

Every Believer a Disciple! David E. Bjork, 2015-06-14 The growth of Christianity in recent decades has been remarkable but has it been growth with depth Are our communities of faith our churches creating and nurturing deeply committed followers of Jesus This book was born out of the realization that churches throughout the world despite their numerous evangelization and spiritual development activities are struggling to produce true disciples of Jesus How can we explain why so many of us in our churches are so unlike Jesus in the way we think and act What can we change

in our understanding and practices to facilitate life transformation and spiritual multiplication And as Christians what are we called to do In answering these questions the author proposes an alternative ecclesial and missional paradigm that will enable us to better equip and mobilize believers in the mission that Christ gave to his disciples and gives to us all to make disciples **Proceedings International Conference On Theology, Religion, Culture, And Humanities** ,2023-06-13
