Philippe J. Maarek, Nicolas Pélissier

Communication Et Marketing De L'homme Politique:

Communication et marketing de l'homme politique Philippe J. Maarek, 2007 Souvent excessive la mise en spectacle de la politique par les médias forme parfois un curieux alliage La communication d'image semble trop souvent remplacer la communication d'idées Pourtant il faut bien que les hommes et les femmes politiques adaptent leur communication à l'évolution de la société qu'ils sachent aussi bien parler sous les pressions des médias que communiquer par Internet et parfois aussi qu'ils acceptent de participer des missions à l'étranger de divertissement bien éloignées de la politique Cet ouvrage montre qu'une démarche globale de communication et de marketing politique peut parfaitement les aider s'ils savent la maîtriser dans toutes ses étapes Il peut tout aussi bien être lu par des étudiants que par les militants et les hommes politiques ainsi que par toute personne désireuse de comprendre les rouages qui amènent au pouvoir nos gouvernants Les précédentes éditions ont été traduites en anglais et en espagnol et figurent maintenant parmi les usuels dans de nombreux pays

The Sage Handbook of Political Marketing Paul Baines, Phil Harris, Denisa Hejlova, Costas Panagopoulos, 2025-08-07 The Sage Handbook of Political Marketing is a comprehensive resource that introduces the theory and practice of political marketing in a global yet simultaneously localized world The practice of political marketing has evolved significantly during the 20th and 21st centuries adapting to the rise of mass media marketing communication advertising and the web Traditionally dominated by US European and Australasian scholars the field has up to now emphasized the Americanisation and professionalisation of campaigning styles Since the start of the new millennium however political marketing has transformed into a data driven specialized profession With increasing digitalisation and the advent of AI political marketing involves personally targeted evidence based messaging with real time engagement and sentiment analysis This approach is not limited to democratic regimes but is also widely adopted by authoritarian states worldwide The handbook addresses the global perspectives on political marketing covering a myriad of contexts cultures and regimes It encompasses insights into political marketing in regions seldom discussed in the literature including Zimbabwe Japan India Hong Kong and Ukraine These chapters enrich the debate on political marketing's impact on democracies and its use in non democratic societies Organized into four parts the handbook covers strategy propaganda digital evolution ideology and contemporary practices in political marketing It explores topics such as the marketing of ideology the impact of the internet and social media the use of AI in political marketing and the role of fake news and disinformation in campaigns The handbook addresses the use of political marketing techniques in crisis management political branding the measurement of political marketing effects and political marketing use outside of electoral campaigns The Sage Handbook of Political Marketing is an essential resource for scholars practitioners students and politicians in general seeking to understand the complexities of political marketing It provides a comprehensive and nuanced exploration of the field equipping readers to engage with the theoretical and practical aspects of political marketing in a rapidly changing world Part 1 Strategy in Political Marketing Orthodox and Occidental Perspectives

Part 2 Political Marketing Propaganda and Digital Evolution Global South and Eastern European Perspectives Part 3 Ideology in Political Marketing Advocacy Movements Lobbying and Public Diplomacy Part 4 Contemporary Political Marketing Cybercampaigning Fake News and Social Media Campaign Communication and Political Marketing Philippe J. Maarek, 2011-03-21 Campaign Communication and Political Marketing is a comprehensive internationalist study of the modern political campaign It indexes and explains their integral components strategies and tactics Offers comparative analyses of campaigns from country to country Covers topics such as advertising strategy demography the effect of campaign finance regulation on funding and more Draws on a variety of international case studies including the campaigns of Barack Obama and Nicolas Sarkozy Analyses the impact of digital media and 24 7 news cycle on campaign conduct *Présidentielle 2022 : une démocratie en quête de nouveaux repères ?* Philippe J. Maarek, Nicolas Pélissier, 2024-02-29 La leçon présidentielle française de 2022 n'est pas sans douter quant à sa signification pour le processus démocratique du pays Comme le montrent les contributeurs de ce volume Emmanuel Macron a conduit sa communication électorale comme son mandat antérieur avec une verticalité confondante une entrée en campagne tardive un programme de campagne à minima une volonté de contrôler le processus législatif qui allait suivre La personnalisation extrême de cette leçon en 2022 au détriment des canaux traditionnels de l'intermédiation politique entre gouvernants et citoyens n'est pas sans conséquences sur l'évolution de la démocratie en France ne serait-ce que par la brèche qu'elle ouvre en faveur des programmes et des personnalités politiques populistes *Handbook of Political Marketing* Bruce I. Newman, 1999-08-13 This Handbook brings together in one volume the work of the world's foremost political consultants marketing experts and political scientists Scholars and political professionals from nine different countries have contributed original chapters that provide a state of the art review of the role of marketing good and bad in political campaigns The Handbook's 40 chapters are organized in six sections that provide an exhaustive review of political marketing Each section includes a rich blend of academic and practitioner authors often collaborating on chapters resulting in a rich blend of theory and practice The Handbook of Political Marketing is the essential field manual for academics politicians campaign specialists and anyone interested in the role of marketing in politics

L'homme, clé du marketing Pierre-André Dupuy, 1993-01-01 T00:00:00+01:00 La mondialisation des changes commerciaux impose aux différents acteurs d'un marché de fabriquer des séries industrielles de plus en plus importantes pour rester compétitifs et assurer leur survie Conjointement l'économie actuelle de faible croissance accentue l'écart de plus en plus excédentaire entre une offre produite et la demande des clients Cette double observation contraint chaque entreprise pour asseoir son avenir optimiser son potentiel de différenciation face ses concurrents et rechercher des solutions de positionnement de plus en plus originales Après une analyse détaillée de la méthodologie marketing l'auteur arrive à la conclusion que seul l'homme par son potentiel de créativité et de motivation peut repousser jour après jour les frontières de l'uniformité marchande Donner à l'homme l'environnement de travail le plus favorable en termes de méthode de management de

structure hiérarchique d'architecture organisationnelle devient ainsi une politique de marketing partielle

Comment devient-on président-e de la république Thierry Vedel, 2007 Pourquoi certaines personnalités deviennent des präsidentiables tandis que d'autres n'y parviennent jamais Comment s'est mis en place le réseau de Spin Doctors de Nicolas Sarkozy Comment les candidats utilisent-ils les médias Quel est l'impact de la télévision sur l'issue du scrutin présidentiel On ne se fait plus lire aujourd'hui comme il y a quarante ans Plus professionnelles et plus sophistiquées les stratégies de campagne des candidats l'lection présidentielle se sont radicalement transformées Comment devient-on président-e de la République est une plongée dans les machines lectorales et leurs traits majeurs Trois informel ouvrage analyse les appareils de campagne des candidats étudie leurs plans de bataille et de communication et en explique leurs effets sur le vote Certaines évolutions tels la peopolisation des candidats le recours au marketing ou l'américanisation de notre vie politique sont inquiétantes Mais ce qui a peut-être le plus changé dans la relation entre candidats et électeurs c'est moins la manière dont les candidats s'adressent aux lecteurs que la façon dont ces derniers ont appris à coder et valuer le message des personnalités politiques Et c'est ce travail de décryptage que ce livre voudrait leur aider

Les hommes politiques Evelyne Pisier, Pierre-Henri Tavoillot, 2002 Peut-on sauver les hommes politiques Le faut-il On pourrait en douter tant sont nombreuses les accusations qui pèsent sur celles et ceux qui ont choisi de vivre la fois pour et de la politique corruption impuissance bureaucratie d'magogie Tout se passe comme si la figure de l'homme politique était d'ormais perdue comme le principal obstacle à la démocratie Paradoxe c'est pourtant en son nom que la professionnalisation des fonctions politiques avait été conçue au XIXe siècle comme la garantie d'une représentation la fois efficace et légitime de la volonté générale On y voyait même le signe incontestable de la supériorité politique des Modernes sur les Anciens contre les virtualités terroristes de la démocratie directe l'avènement de l'homme politique professionnel semblait le gage d'une vie collective apaisée et prospère De cette confiance initiale au soupçon actuel que s'est-il passé C'est lucider les mutations et les exigences nouvelles de la fonction politique que cette troisième enquête de Comprendre est consacrée Le parcours proposé rassemble les contributions de spécialistes issus de plusieurs horizons disciplinaires juristes politologues philosophes sociologues historiens mais aussi les témoignages de quelques grands acteurs politiques européens

Le marketing politique Jean-Paul Bobin, 1988 *Political Marketing and Communication* Philippe J. Maarek, 1995 Exposes how a global communication and political marketing process can truly help political leaders to master the steps needed to adapt their communication to the evolution of society The book undertakes a systematic and new approach to the matter following a political science route
