Communication Seiler & Doyle,1999-01-01 **Making Connections** John Corbett,Hugo Dart,Bruno Ferreira de Lima,2023-11-14 Online collaboration can be a powerful means of encouraging language learners to make connections between their local community and people from other cultural backgrounds In doing so learners develop their language skills while exploring different attitudes values and beliefs The authors of this book draw on 20 years of participation in numerous online intercultural exchanges to offer teachers a down to earth guide to finding partners choosing a platform and designing online exchanges They share their experience of working with learners to ensure that deep intercultural learning occurs alongside language development This book offers strategies for mediating conflict with partners and participants and guidance on the assessment of linguistic and intercultural competences It is a practical resource for language teachers informed by the latest research on language teaching and intercultural telecollaborations and situated in the reality of classrooms around the world **Handbook of Risk and Crisis Communication** Robert L. Heath,H. Dan O'Hair,2010-09-28 This handbook features a line of analysis that connects crisis risk and public policy issues into a coherent fabric Each chapter represents the best available research in these areas with insightful notions of where current research and best practices should move in the future Creating Connections David Chittenden,Graham Farmelo,Bruce V. Lewenstein,2004-05-17 Science museums are in the business of making science accessible to the public a public constantly bombarded with new information and research results How the public understands this information will affect what they expect and take away from a museum s exhibits and programs Creating Connections looks at the public understanding of research PUR and how it affects what science museums do What are the opportunities and critical issues in PUR What strategies are working and what are some pitfalls What can be learned from the media s experiences with PUR Creating Connections will be an invaluable resource for science museum professionals who want to guide their institutions and their visitors toward a new understanding of and appreciation for current research *Connecting Emotional Intelligence to the Online Classroom* Monita Leavitt,Kirsten Stein,2025-08-19 An essential guide for educators on creating a supportive engaging and inclusive virtual classroom As educators reimagine education in a virtual world they may struggle to connect with their students and effectively support them In Connecting Emotional Intelligence to the Online Classroom Monita Leavitt and Kirsten Stein explain how fostering teacher and student relationships can create a supportive virtual classroom that engages students as active learners online The authors show how emotional intelligence can be the key to creating an engaging and welcoming online classroom They offer a wealth of strategies designed to help K 12 teachers foster relationships that promote both academic success and social emotional development By integrating the five core competencies of emotional intelligence self awareness self regulation motivation empathy and social awareness educators can empower students to thrive as active learners in an online environment This book addresses challenges such as isolation

and shows teachers how to help their students manage their emotions build confidence and develop critical skills In addition to providing practical strategies for teachers Leavitt and Stein advocate for policy changes that will assist new teachers in developing the resources they need to fully engage with their students online This book equips educators not only to meet today s challenges but also to build sustainable meaningful learning experiences for the future **Making Connections in Elementary and Middle School Social Studies** Andrew P. Johnson,2006 Making Connections in Elementary and Middle School Social Studies is based on the idea that students learn more and are more motivated to learn when they are able to connect their own knowledge observations ideas imagination and emotions with the content at hand This book demonstrates how personal connections can be incorporated into social studies education while meeting NCSS thematic pedagogical and disciplinary standards It is written in a very direct reader friendly style Each chapter describes a variety of practical strategies and creative activities that novice and experienced teachers can use to make social studies more interesting and to help students make meaningful personal and academic connections Each chapter contains a wealth of classroom strategies pedagogical techniques activities and lesson plan ideas that can be used to enhance learning and make lessons more interesting active and student centered The book covers the three types of standards that elementary and middle school teachers work with as they teach social studies o Thinking Ahead questions invite the reader to reflect on his her own experiences as they relate to the material covered in the next chapter These can be used as discussion points for a class or small group or simply as pre reading prompts to enhance comprehension o Teachers in Action boxes contain real life narratives from practicing teachers These cases are designed to expand upon key issues presented in each chapter Every case is accompanied by the author s personal reflection on the case These reflections are intended to give the reader an opinion against which he she can measure his her own reactions After each case the reader is prompted to think about the narrative presented and think about the way that his her reactions compare with those presented by the author o Go There boxes provide links to Web sites that offer additional resources for teachers lesson plans and other activities to enhance a social studies classroom This text is accompanied by a dynamic Instructor s Resources CD The CD includes classroom video footage that can be shown in class to illustrate the concepts presented in the book and stimulate class discussion **Peter Norton's Complete Guide to Windows 98** Peter Norton,John Mueller,1998 Targeting the intermediate Windows 98 user this book provides an in depth look at Windows 98 in jargon free language Readers get the total picture via advanced tips optimization techniques and detailed architectural information *College Reading and Study Skills* Kathleen T.
