Development Communication Principles Charles Okigbo,1996 *The Role of Information in National Development* Wilbur Schramm,1964 Communicating National Integration Osabuohien P. Amienyi,2016-12-05 This book addresses the negative impact of social cleavages on the development of many African countries It proposes new ideas on how the development crisis in Africa may be addressed by conceptualizing the underlying problem as a communication issue In contrast to the frequent neglect of this key factor this book provides a provocative discussion of how communication strategies can help to promote national integration and social economic and political development It argues that the activities associated with the communication of national integration must be seen as an all encompassing task that transcends official speeches in attempts to persuade a disparate population to cultivate national consciousness Such activities must encompass efforts to persuade leaders to eliminate policies that seek to promote spatial dislocation and cross cultural interaction and to arouse the audience to pay closer attention to integrative messages disseminated through the mass media

Mass Media and National Development Wilbur Schramm,1973 **Contemporary Issues in Mass Media for Development and National Security** Ralph Afolabi Akinfeleye,1988 **A Model of Mass Communications and National Development** Abdulai S. Vandi,1979 Communication Policy and Planning Principles Kanwar B. Mathur,1993 *Communication in National Development* Deborah Moffatt,1979 Development Communication in Action Andrew Azukaego Moemeka,2000 Development and Communication in Action provides the missing link between theory and practice in the field of development communication and social change This book will be of great interest as a teaching instrument for development communication teachers and professors as well as social change practitioners
