Communism In Western Europe

Michael Arthur Ledeen

Communism In Western Europe:

Power and the Party Keith Middlemas, 1980 Efter en indledning om Kominternperioden Den Kommunistiske Internationale koncentrerer forfatteren sig om udviklingen inden for de vesteuropæiske kommunistpartier efter 2. Verdenskrig. Der er separate kapitler om udviklingen inden for kommunistpartierne i Frankrig, Italien, Spanien og Portugal på grundlag af mange kilder og interviews med partimedlemmer m.v.

Communism in Western Europe Mario Einaudi, 1951

The Communist Parties of Western Europe Neal R. Tannahill, 1978-12-04

West European Communism and American Foreign Policy Michael Arthur Ledeen, 1987-01-01 The great vogue of Eurocommunism came to an end with the return of the French and Italian Communist Parties to positions of opposition to authority in the late 1970s and the electoral confirmation that Spain's Communist Party would remain small. As the vogue of communism with a human face passed, the question of American policy toward Communists became far less pressing, yet the question will almost certainly require attention in the future. This is particularly true with respect to the Italian Communist Party, which remains powerful in numbers and flexible in policy. Michael Ledeen examines Communist Party participation in Western European governments since World War II and the ambivalent American foreign policy toward it. He concentrates on the Italian Communist Party, its history and its relations with the Soviet Union. Togliatti, Secchia, Gramsci, Nenni are identified as the major players in Italian communist and socialist politics. The author explores in depth why the United States has been reluctant to become involved in internal Italian affairs and how this policy posture has strongly influenced the development of communism in Western Europe. Ledeen shows that the strategies of contemporary West European Communist Parties are now roughly similar to those of the immediate post-war period. He argues that American intellectuals are as uncritical of Eurocommunism as they were after the first flush of Allied victory in World War II; that the Carter administration's foreign policy was incoherent and that the United States needs a consistent ideological approach to communism, one that includes the capacity for action as well as reaction. Michael Ledeen is a senior associate of the Center for Strategic and International Studies at Georgetown University and formerly taught history at Washington University. He was the founding editor of *The Washington Quarterly* and is the author of, among other works, *Grave New World*, *The First Duce*, *D'Annunzio at Fiume* and *U.S. Defense and Foreign Policy*.

Communism And Political Systems In Western Europe David Albright, 2019-08-16 Developments of the 1970s suggest the need for a new approach to the analysis of communism in Western Europe. During the early years after World War II, Western observers tended to look upon the West European Communist parties as fundamentally an extension of communism in the USSR, as national only in the narrow formal sense. With the growing signs

Communism in Western Europe, 1943

National Communism in Western Europe Howard Machin, 1983-01-01

Communism and Political Systems in Western Europe David E. Albright, 2018

The Cultural Cold War in Western Europe, 1945-1960 Giles Scott-Smith, Hans Krabbendam, 2003 This book provides a cross section of case studies that highlight the connections

between overt covert activities and cultural political agendas during the early Cold War

The Crisis of Socialism in Europe Christiane Lemke, Gary Marks, 1992 The revolutions in Eastern Europe and the recasting of socialism in Western Europe since 1989 have given rise to intense debate over the origins character and implications of the crisis of socialism Is socialism in ideological electoral or organizational decline Is the decline inevitable or can socialism be revitalized This volume draws together historians and political scientists of Eastern and Western European politics to address these questions The collection begins with an historical overview of socialism in Western Europe and moves toward the suggestion of a framework for a post socialist discourse Among the topics covered are the birth and death of communism and a regime type in Eastern Europe how different forms of national communism were smothered by Sovietization in the postwar period the origins of revolutions in Eastern Europe the potential for social democracy in Hungary the role of the Left in a reunified German and directions for the Left in general Contributors Geoff Eley Konrad Jarausch Herbert Kitschelt Christiane Lemke Andrei Markovits Gary Marks Wolfgang Merkel Norman Naimark Iv n and Szonja Szel nya Sharon Wolchik

West European Communist Parties after the Revolutions of 1989 Martin J. Bull, Paul M. Heywood, 2016-07-27 This book analyses the impact of the collapse of communism in Eastern Europe and the former Soviet Union on the Communist Parties of Western Europe Seven case studies covering the Italian French Spanish Portuguese Belgian British and German parties provide a tightly argued comparative perspective The conclusion assesses the range of responses to the dramatic events of 1989 91 and likely future direction of the west European communist movement It is argued that whilst it is no longer possible to talk of a coherent family of communist parties various individual parties some of them in revised form may continue to prosper

The Cultural Cold War in Western Europe, 1945-60 Hans Krabbendam, Giles Scott-Smith, 2004-03-01 The idea of the Cold War as a propaganda contest as opposed to a military conflict is being increasingly accepted This has led to a re evaluation of the relationship between economic policies political agendas and cultural activities in Western Europe post 1945 This book provides an important cross section of case studies that highlight the connections between overt covert activities and cultural political agendas during the early Cold War It therefore provides a valuable bridge between diplomatic and intelligence research and represents an important contribution towards our understanding of the significance and consequences of this linkage for the shaping of post war democratic societies

Western European Communists and the Collapse of Communism David Bell, 1993-08-11 This book examines the predicament of Western Communist Parties faced with the impact of reforms in the Soviet Union initiated by Gorbachev the collapse of the Eastern bloc and the end of really existing socialism in the USSR in the early 1990s

The Failure of West European Communism Frank Lee Wilson, 1993

Politics in Western Europe Gerald Allen Dorfman, Peter Duignan, 1988

Revolution In Eastcentral Europe David S Mason, 2019-06-26 The year 1989 marked a turning point in world history a watershed year of unprecedented drama and political significance No matter how one looks at those events as the fall of communism the democratization of Eastern

Europe or the end of the cold war it is important to understand how the world travelled the distance of time space and ideology to arrive at the Berlin Wall and tear it down David Mason provides that understanding in a concise synthesis of history politics economics sociology literature philosophy and popular as well as traditional culture He shows how all these elements combined to yield the year that effectively closed the twentieth century and promised to launch the new century on a hopeful note Starting with Poland s elections in June 1989 the countries of then communist Eastern Europe one by one revolutionized their governments and their polities Hungary opened its borders to the West East Germany rushed through Czechoslovakia elected Vaclav Havel president Bulgaria changed both party and leadership and Romania executed Ceausescu Although Gorbachev enabled many of these changes he did not cause them The illumination of the complex symbiosis between dynamics in Eastern Europe and the Soviet Union is one of the greatest contributions this book makes With undercurrents emphasizing the power of ideas the spirit of youth and the multifaceted force of culture and ethnicity Mason takes the reader far beyond the events of change and into their impetus and outcomes He applies theories of social movements democratization and economic transition with an even hand showing the interaction of their effects not only regionally but worldwide The concluding chapter puts the revolutions in Eastern Europe into international perspective and highlights their impact on East West relations security alliances and economic integration Mason discusses the European Community the United States and the Soviet Union and the Third World in relation to the new East Central European configuration Using delightful and provocative cartoons from Eastern European and Soviet presses interesting photos valuable tables of data and illuminating figures Mason emphasizes important points about the role of nationalism ethnicity public opinion and harsh economic reality in the revolutionary process

The Communist Parties of Western Europe
 Neil McInnes,1975 Communism in Western Europe Joseph R. Starobin,1965 **Soviet Strategy Toward Western Europe** Edwina Moreton,Gerald Segal,2021-01-26 This book first published in 1984 carefully examine the political debate surrounding nuclear weapons and superpower polices in Cold War Western Europe It seeks to analyse a distinctly European view in Soviet policy as opposed to a superpower view It examines Soviet domestic and foreign policy economic and military practice with the aim of understanding and countering the Soviet threat to Western Europe **Communist Developments in Western Europe ,**
