Communist Party In Post Soviet Russia:

The Communist Party in Post-Soviet Russia Luke March, 2002 This pioneering analysis uses the results from the first ever Irish election study to provide a comprehensive survey of the motives outlook and behaviour of voters in the Republic of Ireland Building on the foundations laid down by previous work on comparative electoral behaviour it explores long term influences on vote choice such as party loyalties and enduring values as well as short term ones such as the economy the party leaders and the candidates themselves It also examines how people use their vote and why so many people do not vote at all Many features of Irish elections make such a detailed study particularly important The single transferable vote system allows voters an unusual degree of freedom to pick the candidates they prefer while electoral trends observed elsewhere can be found in a more extreme form in Ireland For example attachment to parties is very low differences between them are often obscure candidate profiles are very high and turnout is falling rapidly However Irish elections defy international trends in other respects most notably in the degree of personal contact parties and candidates make with their voters Findings are presented in a manner that is highly accessible to anyone with an interest in elections electoral systems and electoral behaviour The book is essential reading for anyone interested in Irish politics and is an important text for students of European Politics Parties and Elections Comparative Politics and Political Sociology *Post-Soviet Russia* Roy

Communists At The Crossroads Joan Urban, 2021-08-12 This book is about the evolution of the communist movement in the Russian Federation from the last years of the U S S R's existence through Russia's presidential elections of June/July 1996 when the chief contenders were the incumbent president Boris N Yeltsin and his communist challenger Gennadii A Ziuganov Our main protagonist is the Communist Party of the Russian Federation or CPRF as it is commonly called But the CPRF was a latecomer to the post Soviet communist playing field Its formal establishment came only in February 1993 well after the formation of a number of more doctrinaire communist parties which initially competed with the CPRF and influenced its political profile and conduct in numerous if not always readily apparent ways All of these new Russian CPs emerged from the rubble of what had been the mighty and supposedly monolithic Communist Party of the Soviet Union CPSU On the Marxist

Leninist political spectrum however the range of the official positions espoused by these post Soviet neocommunist groups was more comparable to that of the international communist movement as a whole in the post Stalin era than to the CPSU under Nikita S Khrushchev and Leonid I Brezhnev

The Left Transformed in Post-Communist Societies Jane Leftwich Curry, Joan Barth Urban, 2004-09-01 One of the most unexpected outcomes of the Soviet bloc s transition out of communism has been the divergent but important paths followed by once ruling communist parties In Poland Hungary and Lithuania those parties transformed themselves into pro Western free market center leftists who have won elections and formed governing coalitions periodically since the early 1990s The result has been former communists leading their countries into NATO and the EU even as their conservative opponents continue to condemn them for their communist past No less surprising has been the ability of anti Western neo Leninist communist parties in Russia and Ukraine to win sizable pluralities of votes in free competitive elections Their very strength has contributed to blocking

genuine democratic alternation of power By employing a unique cross regional comparative framework *The Left Transformed* explores the divergent trajectories of ex ruling communist parties in key countries of the former Soviet Empire In depth interviews party presses and primary documents and national election data provide a foundation for the most up to date examination of party transition organization ideology and electoral fortunes through late 2002 This book is an invaluable resource for anyone interested in contemporary history political parties or comparative government in Eastern Europe and Russia

Post-Communist and Post-Soviet Parliaments

Philip Norton, David M. Olson, 2013-09-13 The sudden collapse of communism stimulated both the rapid emergence of fledgling democracies and scholarly attention to the post communist transition These newly democratized parliaments have been described as parliaments in adolescence This book identifies six parliaments which exemplify the wide range of developments in the new post communist political systems from the stable consolidated democracies to the less stable and more authoritarian states within which their respective parliaments function Finally the post communist parliaments are compared with the presumptively more established west European parliaments This book bridges the usual gap in research between the post communist parliaments and more normal democratic parliaments to develop a common legislative research perspective on both new and established parliaments This book was previously published as a special issue of the Journal of Legislative Studies Soviet Russia Pictorial ,1922 *The Workers Opposition in Russia* Aleksandra Kollontai,1921

Russia's Communists At The Crossroads Joan Urban, Valerii Solovei, 1997-04-25 Less than five years after President Boris Yeltsin's ban on communist activity in Russia the Communist Party of the Russian Federation CPRF rose from the debris of the former Communist Party of the Soviet Union to win over one third of the seats in the lower house of parliament in December 1995 and to challenge Yeltsin for the presidency itself in mid 1996 This groundbreaking study analyzes the CPRF's evolution as it sought to reshape its program and practice to fit the realities of post Soviet Russia while also battling the more orthodox Marxist Leninist groups on its left The authors examine the CPRF's origins internal factions and electoral strategy during the parliamentary and presidential contests of 1995 and 1996 They address in particular the nationalist thinking of CPRF chairman Gennadii A Ziuganov as well as the political profile of leadership and official program that were endorsed at the Third CPRF Congress in January 1995 The CPRF's alternative strategic choices and prospects in the aftermath of the critical 1995 1996 electoral season are also assessed *The Communist Party in Russia and Its Relation to the Third International and to the Russian Soviets* United States.
