Angela C. Bauer, 2025-10-13 Today's students seek an education that connects classroom learning to their future success both personal and professional *Teaching Life Skills in the Liberal Arts and Sciences: Preparing Students for Success Beyond the Classroom* is a practical guide for faculty and academic leaders who wish to meet this need by intentionally teaching and assessing the skills that employers most value: critical thinking, teamwork, emotional intelligence, cultural competence, ethical reasoning, and coachability. Grounded in research from higher education and employer surveys, this book provides evidence-based strategies for teaching and assessing key life skills while still honoring the traditions of the liberal arts. Chapters feature detailed guidance and creative prompts for using AI tools to further enhance instructional design. By connecting academic experiences with students' long-term goals, this book reaffirms the enduring relevance of a liberal arts education and offers a sustainable path forward in a rapidly changing world.      **Entrepreneurship** Andrew Zacharakis, Andrew C.

Corbett, William D. Bygrave, 2025-02-11 Guides aspiring entrepreneurs through the process of starting a new venture in today's economy. *Entrepreneurship* is an essential resource for both undergraduate and MBA courses on new venture creation. With a focused, hands-on learning approach, this leading textbook integrates contemporary cases, practical examples, and foundational theory in a single volume. Student-friendly chapters explain each step of the entrepreneurial process, including idea generation, prototyping, opportunity evaluation, business model development, team building, marketing, financial forecasting, legal and tax considerations, and much more. Now in its sixth edition, *Entrepreneurship* is thoroughly updated to reflect today's business environment. Entirely new material on Artificial Intelligence (AI) and digital marketing is accompanied by new examples and case studies of entrepreneurs facing issues in the real world. Throughout this edition, the authors provide timely insights on engaging with new ventures as investors, bankers, accountants, lawyers, vendors, customers, and employees. Delving into the real-world trials and tribulations of entrepreneurs in the US and around the world, *Entrepreneurship* Sixth Edition remains the go-to textbook for upper-level undergraduate business management and entrepreneurship majors, MBA students, early-career business professionals, and general readers wanting to understand what it takes to create a new venture in the modern business landscape. New to this Edition: Expanded reflecting current approaches and recent developments in the sphere of entrepreneurship; New chapter on digital marketing including real-world strategies and challenges; New coverage of the role and impact of AI in starting a new venture, especially around prototyping; Updated discussion of the entrepreneurial competitiveness of various nations; Revised material on prototyping new ideas and business models; New end-of-chapter cases, examples, and references. Wiley Advantage Helps students develop an inclusive perspective on how businesses are born, grow, and succeed or fail. Covers all stages of the entrepreneurial process from pre-startup through harvest, including financing, business planning, and creating realistic financial forecasts. Presents an up-to-date and well-balanced exposition of all concepts and cases. Contains actual cases of entrepreneurs facing the issues.
