WorkLab Colette Stallbaumer, 2025-10-21 WorkLab is an essential guide to five of the most disruptive years in the history of work revealing how a global crisis a remote and hybrid revolution and the rise of AI reshaped business and what it takes to lead through what's next WorkLab is the inside story of how work was reinvented first by necessity then by design As the world's routines were upended in 2020 Microsoft's customers researchers and product makers found themselves at the center of a global experiment in how we work Through WorkLab a digital publication dedicated to original research and insights on the future of work they captured this transformation in real time This anthology brings together five years of WorkLab's most compelling data insights and stories Drawing on Microsoft's world class research it chronicles the sudden move to remote work the rise of hybrid models and the dawn of AI powered transformation It offers a time capsule of practical wisdom for anyone navigating the new world of work whether you're a solopreneur a team leader or a CEO It's a testament to resilience adaptability and the power of scientific thinking to guide us through uncertainty As technology accelerates change WorkLab invites you to look ahead with optimism and curiosity The future of work is being written every day and it starts with each of us

Perspective Agents Chris Perry, 2024-01-15 A guidebook for anyone looking to comprehend and prosper in the new world order In the age of autonomy two parallel revolutions are unfolding The first is a technological uprising in which machines and algorithms achieve an unprecedented level of independence Automation and AI will transform industries altering the fabric of our economy and society But this technological tide is more than a force of disruption it's a harbinger of a new way of thinking and living The parallel revolution is deeply human and even more profound As traditional structures crumble a new sense of human autonomy emerges allowing us to find meaning and direction in unexpected ways Perspective Agents delves into this complex dance between machine and man challenging us to adapt to and thrive in this new era Drawing from extensive research interviews and personal experience communications consultant Chris Perry explores The problem with using conventional wisdom to make sense of new realities How the predominant technologies of an era shape new values norms and behaviors The pioneering mindsets models resources and strategies vital to future success Through an unflinching examination of both technological and human evolution this book encourages readers to harness the potential of the Autonomous Age see the world anew through new sources and forge a path for professional and personal growth

Globalisation, Commodification and Cultural Production in Africa Kathrin Schmidt, 2023-12-04 This book engages with contemporary cultural production in Africa focusing on theatre in Sierra Leone as main case study The author provides coverage of and insights into such themes as cultural globalisation commodification the global creative economy culture and development international relations and contemporary cultural production in Sierra Leone within the context of local and global flows of people media images technologies finance and ideas Combining the analysis of theatre in Sierra Leone and its aesthetics with its policy structural and institutional context this book highlights in

much detail and nuance the interconnectedness between the micro and the macro levels of cultural production between the local and the global and between aesthetics politics policy governance structures and institutions This book links the particular findings from the author s fieldwork to larger issues of contemporary local cultural production within the context of globalisation commodification and decolonisation adds a postcolonial perspective to existing theories and approaches to cultural production management and policy which is still largely missing from the existing discourse and also contributes to addressing the gap in the knowledge about the context of contemporary cultural productions in diverse African contexts This book will be particularly useful for both theatre scholars with an interest in the political economy of theatre and more broadly those seeking to understand the nuanced challenges and opportunities faced by policymakers artists and arts managers to embrace the cultural and creative industries in this context It also offers excellent insights for policymakers who wish to improve their understanding and interventions beyond superficial best practice snippets and simplified success stories
