Rushing,1992 Eurasian Regionalisms and Russian Foreign Policy Mikhail A. Molchanov,2016-03-03 Bridging foreign policy analysis and international political economy this volume offers a new look at the problem of agency in comparative regional integration studies It examines evolving regional integration projects in the Eurasian space defined as the former Soviet Union countries and China and the impact that Russian foreign policy has had on integration in the region Mikhail Molchanov argues that new regionalism in Eurasia should be seen as a reactive response to contemporary challenges that

these developing states face in the era of globalization Regional integration in this part of the world treads the unknown waters and may not simply repeat the early steps in the evolution of the European Union The question of a hegemonic leadership in particular as exercised by a country that spearheads regional integration efforts animates much of the discussion offered in the book Moreover Eurasian regionalisms are plural phenomena because of complementary and competing projects that engage the same or partially overlapping groups of countries By combining foreign policy studies with an examination of the international political economy of regionalism in Eurasia the author furthers our understanding of new regionalism both theoretically and empirically CIS Index to Publications of the United States Congress Congressional Information Service,1997 **Russia & Central Asia by Road** Hazel Barker,David Thurlow,1997 This is the first practical guide to traveling overland across Russia and Central Asia for many a dream trip that has until now been almost impossible to plan The authors have completed this journey twice and have packed this guide with tips and advice including choosing the proper vehicle getting to your starting point bureaucracy and finance and suggested routes The practicalities of fuel repair shops health care safety and shopping for supplies are detailed along with accommodations and restaurants along the way Includes Russia Mongolia Kazakstan Kyrgyzstan Uzbekistan and Turkmenistan **The Cumulative Book Index** ,1910 A world list of books in the English language Diagnostic Study of Accounting and Auditing Practices in Selected Developing Member Countries Francis B.
