

# How to Set OCB Primary Channel and OCB Secondary Channel (Cont'd)

- An example of procedure
  - 1) Upper layer first indicates an operating 20MHz channel and a 10MHz channel information
  - 2) An 11bd STA sets the 20MHz channel indicated by the upper layer to the operating channel
  - 3) An 11bd STA sets the 10MHz channel indicated by the upper layer to the OCB primary channel

- Consequently, an 11bd STA sets OCB primary channel and OCB secondary channel upon request from upper layer
  - 11bd STAs serving a common service (that will use the same 20MHz channel) would have the same OCB primary channel and the same OCB secondary channel based on the control of upper layer

**Interface Fundamentals in Microprocessor-Controlled Systems** Chris Georgopoulos, 1985-10-31  
There is no doubt that the microprocessor present will continue into the future and many will be required to specify and integrate microprocessors into products and systems in their own disciplines. There are well designed flexible interfaces will be required to ensure compatibility with other equipments and to extend design options. Although there are several books on microcomputers and microprocessors only few of these devote but a small part to the important aspects of interfaces. It was with this in mind that the present book was written as a self-contained volume to be part of the more general series Microprocessors Based Systems Engineering. It fills an existing gap in technology as interfaces are the last items to be seriously considered in the race of new technology and it deals with the systematic study of microprocessor interfaces and their applications in many diversified fields. This book is aimed at engineers in industry and engineering students who need to learn how to interface microprocessors and hence microcomputers and other related equipments to external digital devices. It is suitable for use as a textbook or for supplementary reading either in an applied undergraduate course in electrical engineering or in the last year of three year curriculum technical colleges.
