Communication Strategies For Family Planning:

Communication Strategies for Family Planning Everett M. Rogers, 1973 **Health Communication** Phyllis Piotrow, 1997-10-16 Effective communication is the key to encouraging healthy behavior Documenting a revolution in both theory and practice Johns Hopkins University experts show that communication leads the way to healthy reproductive health and family planning behavior They explain why communication makes so much difference and how communication programs can be made to work This book presents a compilation of lessons learned by the Johns Hopkins Center for Communication Programs and its partners over 15 years of developing and implementing family planning communication projects campaigns in Africa Asia Latin America and the Near East An introductory essay provides an overview of family planning and communication worldwide and outlines the role of theory based communication programs The main part of the book presents lessons learned in the field about the process of designing and carrying out family planning communication projects More than 60 lessons are presented with descriptions and analysis of projects illustrating each lesson A final essay explores the current and future challenges confronting family planning educators and other public health communicators

Communication Strategies for Family Planning in Developing Countries E. M. Rogers, 1973 The Intensification of the Communication Strategies in Family Planning Programs in Rural Java Ronny Adhikarya, 1972 Healthcare Management Strategy, Communication, and Development Challenges and Solutions in Developing Countries Emmanuel K.

Ngwainmbi, 2014-05-08 Healthcare Management Strategy Communication and Development Challenges and Solutions in Developing Countries analyzes the ways in which health services public health administration and healthcare policies are managed in developing countries and how intercultural intergroup and mass communication practices are weakening those efforts If developing countries are to reach their development goals their leaders must have a firm understanding of the impact of infectious diseases on their people and take prompt action to fix socioeconomic issues arising from the problems associated with poor health practices Drawing on experiences from international health organizations such as the United Nations Population Fund UNFPA commissioned in poor countries to assist national governments in improving the wellbeing of their citizens this volume analyzes maternal and child mortality and the spread of infectious diseases and offers communication strategies for the management of malaria HIV Aids Polio tuberculosis and others in Somalia Madagascar Ghana South Africa Zimbabwe Nigeria the Democratic Republic of Congo and India *Family Planning and Sustainable Development in Bangladesh* M. Rezaul Islam, 2024-04-15 Exploring tailored family planning strategies for marginalized groups this work delves into comparative insights from Asian contexts providing actionable approaches to empower and transform communities foster sustainable development and improve reproductive health outcomes **The Economization of Life** M. Murphy, 2017-05-18 What is a life worth In the wake of eugenics new quantitative racist practices that valued life for the sake of economic futures flourished In *The Economization of Life* M Murphy provocatively describes the twentieth

century rise of infrastructures of calculation and experiment aimed at governing population for the sake of national economy pinpointing the spread of a potent biopolitical logic some must not be born so that others might live more prosperously Resituating the history of postcolonial neoliberal technique in expert circuits between the United States and Bangladesh Murphy traces the methods and imaginaries through which family planning calculated lives not worth living lives not worth saving and lives not worth being born The resulting archive of thick data transmuted into financialized Invest in a Girl campaigns that reframed survival as a question of human capital The book challenges readers to reject the economy as our collective container and to refuse population as a term of reproductive justice A Comprehensive Population
