## **Community Work And The Probation Service:**

**Community Work and the Probation Service** Paul Henderson,1991 In recent years the Probation Service has nearly doubled in size has been given new responsibilities and inevitably developed more bureaucratic organizational structures How these changes have affected the traditional community based nature of its work is the backdrop to this study

**Integrating Social Work Methods** Harry Specht,Anne Vickery,2021-11-07 Throughout its history social work has been seeking a means to state its purposes and methodology as a unity that transcends the purposes and methodology applicable in particular fields of practice or sanctioned by particular legislation or practised by a particular kind of worker Recent changes in society developments in social work practice new additions to the knowledge base of social work and current reorganisation of the social services had led to an intensified interest in this integrated approach Originally published in 1977 Integrating Social Work Methods introduces the reader to the main developments in the conceptualisation of a unitary method It clarifies what it is that is being unified identifies issues involved in the attempt to unify and discusses their implications for social work practice and training As such it represented the first substantial British text in the field and was widely welcomed by social work practitioners administrators and educators at the time      *Juvenile Justice and Delinquency Prevention and Runaway Youth, Hearings Before the Subcommittee on Equal Opportunities Of....* United States. its structure will continue to evolve social work will remain essential in any society which regards itself as democratic and humane     Minnesota Statutes Minnesota,2010     **California.
