Mahon,2017-03 Introduction to Recreation Services for People With Disabilities continues to reflect a broad based explanation of the role of practitioners in the interrelated fields of therapeutic recreation inclusive recreation and special recreation This fourth edition represents a major revision including the most current research and thinking about the interdisciplinary fields of recreation and disability studies This book is intended to be an introductory text for all students in parks and recreation leisure studies departments Every student whether she or he intends to work in a provincial park or a state hospital a community recreation center or a community mental health center a public school or a cruise ship needs a basic level of knowledge about people with disabilities The central theme of this book is that people with disabilities are people who have the same needs and wants as anyone else and deserve the right to be at the center of their services Each person with a disability is a person first not a disability Recreation services must be centered around the person who is being served That is whether treatment oriented recreation therapy goal oriented special recreation or activity oriented inclusive recreation it is the person and not the professional or even the activity that must be at the center of service delivery It is our hope that you will begin to see people with disabilities as people as you learn about recreation and therapeutic recreation services If you emerge from this book or your class with this person centered knowledge then you will have learned a lot about how to provide recreation services to people with disabilities Whether or not you happen to be a person with a disability our more earnest hope is that you will emerge with a commitment to ensure that people with disabilities are treated as people who are at the center of their programs and services This means that you will become an advocate maybe even a zealot on behalf of people with disabilities You will encourage friends and colleagues to use people first and respectful language You will refrain from jokes that perpetuate stereotypes You will be part of a new breed of recreation and therapeutic recreation professionals who celebrate differences and strive to provide person centered and responsive services
