Community State And Church Three Essays:

Community, State, and Church Karl Barth, 2004-10-05 Karl Barth was the master theologian of our age Whenever men in the past generation have reflected deeply on the ultimate problems of life and faith they have done so in a way that bears the mark of the intellectual revolution let loose by this Swiss thinker But his life was not simply one of quiet reflection and scholarship He was obliged to do his thinking and writing in one of the stormiest periods of history and he always attempted to speak to the problems and concerns of the time In June 1933 he emerged as the theologian of the Confessional movement which was attempting to preserve the integrity of the Evangelical Church in Germany against corruption from within and terror from without His leadership in this struggle against Nazism also made it necessary for him to say something about the totalitarianism that the Soviet power was clamping down upon a large part of Europe In this indirect way a Barthian social philosophy emerged and this theologian who abjured apologetics and desired nothing but to expound the Word of God was compelled by circumstances to propound views on society and the state that make him one of the most influential social thinkers of our time David Haddorff is Associate Professor of Theology and Religious Studies at St John s University New York He is the author of several articles and reviews and the book *Dependence and Freedom The Moral Thought of Horace Bushnell* 1994 Table of Contents Introduction by David Haddorff Karl Barth s Theological Politics 1 Gospel and Law 71 Church and State 101 The Christian Community and the Civil Community 149 Bibliography 191

Toward a Culture of Freedom Thorwald Lorenzen, 2008-03-01 The Ten Commandments belong to the classics of Western culture They are an authoritative part of the Hebrew and the Christian Scriptures Since they come to us from an ancient past it is both necessary and worthwhile to inquire what they may mean for us today Thorwald Lorenzen contends it is important to hear God s invitation to an alternative lifestyle you shall not kill you shall not commit adultery you shall not covet His thoughtful reflections on the commandments for today s tumultuous world begin with the God who speaks ten word to liberate God s people from oppression Grounded in God s liberating yes the ten words are neither laws nor rules They are elements for a culture of freedom in which people are invited to celebrate life

Monstrous Fictions Carl J. Rasmussen, 2016-09-14 The Reformer John Calvin has influenced America in a formative way Calvin remains respected as a theologian to whose work intellectuals on both the right and left appeal In the nineteen nineties Evangelicals and Catholics Together ECT formed a politically influential ecumenical coalition to oppose abortion and change the culture Its ecumenism of the trenches influenced the administration of George W Bush and continues to influence religious elements in the Tea Party Evangelicals in the coalition presume to speak for Calvin This book provides a counter argument Calvin rejects the ethics advocated by ECT an ethics of

individual virtue conscience and natural right Instead he affirms an ethics of obedience to the authority of secular government as an institution with a divinely ordained mandate This work considers the following themes in Calvin Calvin on Faith Modern and postmodern philosophical approaches including Reformed epistemology do not explain how Calvin understood faith Faith is divine activity Belief is human activity Faith is not a belief system or worldview on which to base a political theology The author provides four Augustinian theses about Calvin on faith Calvin on Sanctification Calvin rejected virtue ethics or an ethics of individual conscience His ethics require self denial and service An important requirement of his ethics is obedience to government The author provides three theses about Calvin on sanctification as a critique of attempts to revive virtue ethics Calvin on Natural Law Calvin s doctrine of natural law is one of the most vexed issues in Calvin studies The author provides five theses to clarify Calvin s doctrine of natural law For Calvin secular government transcends the authority of conscience and Christians in conscience are required to obey it In conclusion the author discusses Karl Barth s interpretation of Calvin and its relevance for the church struggle against the Third Reich Based on his analysis of Calvin he provides a defense of gay marriage and the right to terminate a pregnancy as well as an analysis of religious freedom Calvin would reject ECT s theology of virtue conscience and natural law But he would affirm its ecumenism as a possible path out of culture war

Bonhoeffer's Reception of Luther Michael P. DeJonge, 2017-02-09 In Dietrich Bonhoeffer s writings Martin Luther is ubiquitous Too often however Bonhoeffer s Lutheranism has been set aside with much less argumentative work than is appropriate in light of his sustained engagement with Luther As a result Luther remains a largely untouched hermeneutic key in Bonhoeffer interpretation In Bonhoeffer s Reception of Luther Michael P DeJonge presents Bonhoeffer s Lutheran theology of justification focused on the interpersonal presence of Christ in word sacrament and church The bridge between this theology and Bonhoeffer s ethical political reflections is his two kingdoms thinking Arguing that the widespread failure to connect Bonhoeffer with the Lutheran two kingdoms tradition has presented a serious obstacle in interpretation DeJonge shows how this tradition informs Bonhoeffer s reflections on war and peace as well as his understanding of resistance to political authority In all of this DeJonge argues that an appreciation of Luther s ubiquity in Bonhoeffer s corpus sheds light on his thinking lends it coherence and makes sense of otherwise difficult interpretive problems What might otherwise appear as disparate even contradictory moments or themes in Bonhoeffer s theology can often be read in terms of a consistent commitment to a basic Lutheran theological framework deployed according to dramatically changing circumstances

Reading Karl Barth Kenneth Oakes, 2011-09-22 Karl Barth s 1922 The Epistle to the Romans is one of the most famous notorious and influential works in twentieth century theology and biblical studies It is also a famously and notoriously difficult and enigmatic work especially as its historical context becomes more and more foreign In this book Kenneth Oakes provides historical background to the writing of The Epistle to the Romans an introduction and analysis of its main themes and terms a running commentary on the text itself and suggestions for further readings from Barth on some of

the issues it raises The volume not only offers orientation and assistance for those reading The Epistle to the Romans for the first time it also deals with contemporary problems in current Barth scholarship regarding liberalism dialectics and analogy

Cross Theology Rosalene Bradbury, 2011-01-01 What is the theologia crucis the theology of the cross and what are its radical claims Which theologians stood within this subversive tradition and is Karl Barth amongst them In this volume New Zealand theologian Rosalene Bradbury throws light on these surprisingly contentious questions She argues convincingly that tethered to the tradition that gave rise to it the term theologia crucis references a theological system centered around notions of false and true glory and an ancient conviction that from the cross of Jesus Christ comes a revelatory and a saving Word The apostle Paul Athanasius a school of medieval mystics and the Reformer Martin Luther are all shown to be significant classical representatives of these ideas Bradbury then argues that seminal twentieth century theologian Karl Barth exhibits many of the classical crucicentric system s defining characteristics so that he himself might fairly be deemed a modern theologian of the cross Until now Barth s pivotal role in this long thin crucicentric tradition has been unsung This book thus sheds important new light on Barth s theology
