Think Like a Mathematician Junaid Mubeen, 2025-07-03 When we learn about abstract mathematical concepts from prime numbers and fractals to aspects of calculus the most common question is

often when on earth will I need this To many of us so called pure mathematics is downright baffling Yet these concepts are what underpin the world we live in from internet security to the transmission of radio waves When you start to think like a mathematician the secrets of technology and modern life suddenly make sense Junaid Mubeen regards mathematics as a collection of thinking tools that can enrich the way we approach our everyday lives In Think Like a Mathematician he presents a catalogue of enlightening mathematical concepts Some will be familiar from school but the majority are ideas that readers will not have encountered before And anyone from mathematicians to self proclaimed mathophobes can learn from them All of these ideas are easy to grasp and a few may even reshape the way you see the world **Computerworld**
