## Reshaping STEM Education: Strategies for Curriculum Decolonization and Institutional Transformation Zahid

Pranjol, Alia Amir, 2025-11-13 The field of STEM higher education is currently grappling with the imperative need for transformative discourse to address its historical epistemological and colonial underpinnings. Despite significant advancements in STEM disciplines, there remains a critical gap in inclusivity and equity within higher educational institutes. Recent studies have highlighted the persistent colonial structures that shape STEM education, often marginalizing diverse voices and perspectives. Efforts to decolonize STEM education are gaining momentum, yet there is a pressing need for comprehensive research and reflective insights to uproot these entrenched structures. This research topic aims to address these gaps by fostering a robust dialogue that transcends traditional boundaries, promoting a deeper understanding of the challenges and opportunities in reshaping STEM education through decolonial lenses. This research topic aims to provide a scholarly platform for researchers, educators, and practitioners to contribute groundbreaking research and reflective insights on decolonizing STEM higher education. The primary goal is to facilitate a robust dialogue that transcends traditional boundaries, fostering a deeper understanding of the challenges and opportunities in reshaping STEM education through decolonial lenses.
