Representation in Children's Literature

CLPE,2024-04-27 The under representation of characters of colour in children s literature in the UK is quantified in the CLPE s award winning Reflecting Realities research Through this research the CLPE actively disrupts the demand and supply chain and holds the children s publishing industry to account encouraging it to do better This book explores what Reflecting Realities teaches us empowers teachers to take positive to ensure classroom libraries are truly representative takes time to reflect on the research enables teachers to explore what constitutes quality representation includes practical support on how to translate this thinking into positive change in the classroom provides guidance for curating literature for young readers highlights how engagement with inclusive literature positively impacts school reading cultures and wider teaching and learning

Reach Becky Robinson,2022-04-19 Cut through the noise and create the biggest possible audience for your work This book offers a proven method for expanding your reach online so you can make a meaningful difference for others Anyone who makes the bold decision to put their ideas out into the world wants to reach as many people as possible Unfortunately too many think it s a question of numbers the more people you can get in front of the better But true reach is about expanding your audience while making a meaningful and enduring difference that has a lasting impact Reach provides a clear and structured approach to creating a successful online presence that will create the biggest possible impact for any message Becky Robinson shares a framework to cultivate followers that requires four commitments value consistency endurance and generosity When you make these four commitments you ll deliver memorable content on a regular basis while keeping the long term view in mind and being committed to helping and sharing with others Robinson offers guidance on having realistic expectations and meaningful goals encouraging readers to reflect on what they want to accomplish and with whom they want to connect Readers will also learn how to overcome discouragements create and repurpose content and focus on the everyday activities that will spread ideas This is a long term process one that doesn t normally offer immediate results or guarantee the desired outcome But as Robinson reminds us creating from a place of generosity can lead to benefits greater than you can imagine

Museum Flack

Steve Lott,2025-09-04 In recent years museums have found themselves on the front pages for all the wrong reasons News coverage once reserved for exciting exhibits or landmark donations now shines a harsh spotlight on controversies leadership disputes funding flaws political orders and an array of reputational crises Two thirds of museum leaders report feeling unprepared when facing journalists with many describing their first media crisis as overwhelming and damaging These stories broadcast to national audiences shape public perceptions in minutes sometimes undoing years of careful work The heart of the issue lies in a critical and often overlooked gap while museum directors typically master museum administration curatorial or educational work few possess the training or experience needed to respond to relentless media scrutiny Nearly

every museum from the largest institution to local history centers struggles with limited resources This gap has led to missed opportunities for positive news coverage and in some cases public misunderstandings that have hurt careers and endangered institutional trust Museum Flack arrives at this moment to fill the void an essential guide for everyone from students entering the field to seasoned executives and board members Drawing from lessons earned in high stakes media campaigns in aerospace and technology and enriched by illuminating museum specific case studies this book lays out exactly how museum professionals can Shape compelling narratives for the media Turn crisis moments into opportunities for trust building Secure positive national news coverage with thoughtful planning not enormous budgets Confidently navigate the modern media landscape from newspapers to TikTok Museum Flack unpacks the techniques behind headlines and empowers any museum professional to advocate for their institution safeguard its reputation and seize the media spotlight for all the right reasons Every chapter offers step by step tactics and real world examples transforming complex communications challenges into clear actionable strategies The time to master museum public relations is now Readers who embrace these lessons will champion their institutions protect their legacies and help museums thrive even under the sharpest media lens
