Two seminal crises of the early 21st century the 9 11 terrorist attacks and COVID 19 pandemic have led emerging generations of workers to prioritize the meaning and purpose of work At the same time other social and environmental crises are threatening capitalism is evolving and technology is advancing In this book a philosopher and organizational psychologist who together research meaningful work consider what these forces mean for whether work might give meaning and purpose to our lives or take it away The authors introduce key concepts meaning purpose and work among others and consider how they show up in individuals experience of work what role organizations play in cultivating them and the responsibilities of

markets and states to the individuals and organizations working within them Each chapter includes questions and prompts for review and reflection for students and workers who read the book The final chapter concludes by introducing an original 6 P framework for making sense of the functional and moral purpose of work among individuals organizations and systems to pursue and perform provide and produce and price and protect work Readers will emerge with an understanding of the meaning of meaning as well as a practical appreciation for the role of meaning in their own work the managerial responsibilities they may have for serving the purpose of the organization they work for and the societal challenges that make the quest for meaningful work a timely imperative
